

## **Cheadle Town Centre Masterplan - Additional Modifications**

This document was approved as an Interim Policy Statement by the Council on 5<sup>th</sup> March 2011 and subsequently adopted as a Supplementary Planning Document by the Council on 26th March 2014. References and maps in this document were current at the date of its approval as an Interim Policy Statement, subject to the following additional modifications which were also agreed by the Council at that time:

- Masterplan to explain that if Central Car Park Area ever developed, this could be pedestrianised
- Publish a summary document to accompany this final Masterplan
- Delete reference in the diagram on page 72 to 'refurbishment for assisted care accommodation or leisure use' with '*refurbishment for leisure or community uses*'
- Make reference to Commuted Maintenance Payment [in relation to MFS2] being a possibility
- Include reference to data used as evidence base for traffic discussed in Strategic Objectives
- Reference to extending the CCTV system in the town centre will be added to the document

A final adopted version of this document incorporating all of the above additional modifications and updated to reflect its status as a Supplementary Planning Document will be produced in due course.
