## Introduction

## 1 Introduction

**1.1** This Annual Monitoring Report (AMR) produced by Staffordshire Moorlands District Council covers the 12 month period from 1 April 2017 - 31 March 2018. Only key indicators have been monitored as resources have been focused on the preparation of the Local Plan.

**1.2** The report covers the following aspects outlined in the Town and Country Planning (Local Planning) (England) Regulations 2012:

- Details of the Local Development Scheme and how the Council is performing against time scales and milestones for preparing LDF documents as set out in the document;
- Details of progress towards the housing requirement and the number of new affordable homes provided;
- The Duty to Co-operate;
- The Statement of Community Involvement;
- Neighbourhood Planning; and
- The Community Infrastructure Levy

### Local Development Scheme

**2.1** The Planning and Compulsory Purchase Act 2004 (amended by the Localism Act 2011) introduced the requirement for councils to prepare and maintain a Local Development Scheme (LDS). The LDS specifies the documents which, when prepared, will comprise the Local Plan for the area. It must be made available publicly and kept up to date. It is important that local communities and interested parties can keep track of progress. Local planning authorities should publish their LDS on their website.

**2.2** Following changes to the Regulations in 2009, there is no longer a requirement for Supplementary Planning Documents (SPDs) to be listed in the Local Development Scheme. Whilst this LDS continues to include SPDs in order to provide information on their content, the timetable for the production of SPDs in this LDS is indicative only. An up-to-date timetable is published on the Council's website where 'real time' information on the progress of all planning documents is given.

**2.3** The current Local Development Scheme was agreed and brought into effect by the Council in February 2018. This LDS sets out the planning policy documents that are in the pipeline for the District. This includes the Local Plan which has been published in line with the timetable agreed by the Council. The document supersedes the previous Local Development Scheme that was adopted by the Council in 2012.

**2.4** This Local Development Scheme incorporates a number of changes from the 2012 version. They include; the removal of the Core Strategy and Biddulph Town Centre Area Action Plan which have been adopted, expanding the scope of the Site Allocations DPD to encompass a full Local Plan with a revised timetable and amendments to the proposed Supplementary Planning Documents to reflect those identified in the emerging Local Plan.

**2.5** The future programme for planning policy in the District includes the following:

- Staffordshire Moorlands Local Plan (2016 to 2031) and Policies Map
- Design Guide SPD
- Developer Contributions SPD
- Open Space, Sport and Recreation SPD
- Neighbourhood Plans
- Monitoring Reports
- Community Infrastructure Levy (potential)

<b>Purpose and scope</b>				
What is the subject of the document?	A spatial strategy and vision for the District and the policies and site allocations to deliver them.			
What is the status of the document?	Part of Development Plan.			
What will it replace?	The Core Strategy and Biddulph Town centre Area Action Plan.			
<b>Timetable</b>				
<b>Progress against target</b>				
Options consultation	July 2015	Consultation carried out 6 <sup>th</sup> July - 1 <sup>st</sup> September 2015		
Preferred Options Sites and Boundaries Consultation	April 2016	Consultation carried out 28 <sup>th</sup> April - 13 <sup>th</sup> June 2016		
Preferred Options Local Plan consultation	July 2017	Consultation carried out 24 <sup>th</sup> July - 15 <sup>th</sup> September 2017		
Publication of Local Plan	February 2018	Plan publication period 27 <sup>th</sup> February - 11 <sup>th</sup> April 2018		
Submission of Local Plan	June 2018	Local Plan submitted 29 <sup>th</sup> June		
Examination	September / October 2018			
Adoption	March / April 2019			

## Design Guide SPD

**Table 2.2**

<b>Purpose and Scope</b>				
What is the subject of the document?	Guidance regarding design to supplement Policy DC1 (Design Considerations)			
What is the status of the document?	Supplementary Planning Document			
What will it replace?	N/A			
<b>Timetable</b>				
<b>Progress against target</b>				
Consultation	February - March 2016	Consultation carried out 29 <sup>th</sup> February - 29 <sup>th</sup> March 2016		
Adoption	February 2018	21 <sup>st</sup> February 2018		

## Developer Contributions SPD

**Table 2.3**

<b>Purpose and Scope</b>		
What is the subject of the document?	Guidance for the application of Local Plan policies relating to developer contributions required to make development acceptable in planning terms	
What is the status of the document?	Supplementary Planning Document	

<b>Purpose and Scope</b>		
What will it replace?	Developer / Landowner Contribution Supplementary Planning Guidance (2004)	
<b>Timetable</b>		<b>Progress against target</b>
Consultation	TBD	N/a
Adoption	TBD	N/a

### Open Space Sport and Recreation SPD

**Table 2.4**

<b>Purpose and Scope</b>		
What is the subject of the document?	Guidance for the application of Local Plan policies relating to developer contributions towards, and the provision of open space, sport and recreation	
What is the status of the document?	Supplementary Planning Document	
What will it replace?	Public Open Space Supplementary Planning Guidance (2004)	
<b>Timetable</b>		<b>Progress against target</b>
Consultation	TBD	N/a
Adoption	TBD	N/a

### Neighbourhood Plans

**Table 2.5**

<b>Purpose and Scope</b>		
What is the subject of the documents?	To be determined by the relevant Parish Councils.	
What is the status of the document?	Part of the Development Plan for the respective Parishes. Plans must be in general conformity with the strategic policies of the development plan (as set out in the Core Strategy or Local Plan)	
What will it replace?	TBD	
<b>Timetable</b>		<b>Progress against target</b>
Consultations	TBD	N/a
Adoptions	TBD	N/a

### Monitoring reports

**Table 2.6**

<b>Purpose and Scope</b>		
What is the subject of the document?	Presentation and analysis of data for indicators relating to development plan policies	
What is the status of the document?	Monitoring Report	
What will it replace?	Monitoring Report to be replaced annually	
<b>Timetable</b>		<b>Progress against target</b>

<b>Purpose and Scope</b>		
Consultation	N/A	N/a
Publication	December each year	Monitoring report published annually

### **Community Infrastructure Levy (CIL) Charging Schedule and Infrastructure List (potential)**

**Table 2.7**

<b>Purpose and Scope</b>		
What is the subject of the document?	A CIL Charging Schedule would establish the rates per m <sup>2</sup> that would be chargeable for developments. Full collected would be used to provide infrastructure required to support the growth of the area. The Infrastructure List would identify which infrastructure projects would be support through the levy. The Council will need to consider the implications of the ongoing national review of CIL and viability before deciding upon an appropriate course of action. This project would be closely linked to the preparation of the Developer Contributions SPD and Open Space, Sport and Recreation SPD in order to ensure a clear and consistent approach to funding infrastructure via development.	
What is the status of the document?	Community Infrastructure Levy	
What will it replace?	N/A	
<b>Timetable</b>		
Consultation on preliminary charging schedule	TBD	N/a
Consultation on draft charging schedule	TBD	N/a
Examination	TBD	N/a
Adoption	TBD	N/a

## Housing Progress

## 3 Housing Progress

### Housing Completions

**3.1** There were 142 (net) completions of new housing between 1st April 2017 and 31 March 2018.

#### Annual Housing Completions

Year	Gross	Net
2006/07	260	260
2007/08	265	261
2008/09	243	236
2009/10	199	185
2010/11	116	110
2011/12	76	58
2012/13	96	96
2013/14	124	78
2014/15	307	278
2015/16	100	99
2016/17	128	128
2017/18	142	142

### Housing Supply 31st March 2018

Sub-area	Commitments		Total Supply	
	Balance under Construction (Gross)	Planning Permission (Gross)	Gross	Net
Leek	98	467	565	565
Biddulph	15	43	58	58
Cheadle	9	187	196	196
Rural	77	416	493	493
District	199	1113	1312	1312

### Definitions

- **Total Supply** - Total Supply over the next 5 years. Comprises of balance of all dwellings under construction and all unimplemented sites with valid planning permission.

- **Total Deliverable Supply** - Number of dwellings on sites which are assessed to be deliverable over the next five years. Comprises of balance of all dwellings under construction and all unimplemented sites with valid planning permission, but excludes uncommitted sites identified in the Strategic Housing Land Availability Assessment which may be deliverable over the next 5 years.
- **Gross** - The gross figure includes proposed new build dwellings and gross gains from change of use and conversions.
- **Net** - the net figure is the gross figure less any proposed losses through change of use, conversions and demolitions.
- **Sub-area** - based on parishes of Leek, Cheadle and Biddulph and other rural parishes.

**5 Year Land Supply Assessment (20% buffer and shortfall in 5 years with 20% added to shortfall - 300 target) (Sedgefield)**

- **A. Completions from April 2006-31st March 2017 = 1931**
- **B. Sites construction as at 31st March 2017 = 199 gross**
- **C. Sites with planning permission as at 31st March 2017 = 1113 gross**
- **D. Losses as at 31st March 2017 = 15**
- **E. Total supply ( B+C-D ) =1297 net**
- **F. Housing Requirement (2006-2026)\* = 6000**
- **G. Annual Requirement [F/20] = 300**
- **H. Target Completions (April 2006 to 31st March 2017) [Gx10] = 3600**
- **I. Current Shortfall [H-A] = 1669**
- **J. 5 year requirement with shortfall [(Gx5)+I] x 1.2 = 3803**
- **K. Annual 5 year requirement with shortfall [J/5] = 761**
- **L. No of years supply [E/K] = 1.7 years**

\* Core Strategy requirement as adopted 26th March 2014

**Affordable Housing**

**3.2** Between 1st April 2016 and 31st March 2017 33 affordable housing units were built in the Staffordshire Moorlands.

- Biddulph - 0 units
- Cheadle - 0 units
- Leek - 31 units
- Rural Area - 2 units

### 3.1 Open Space

#### Sport, Recreation and Open Space

**3.3** The Council monitors the quantity, quality and accessibility of open space and outdoor sports facilities. Adopted Core Strategy Policy C2 states that where there is a proven deficiency, qualifying new residential development will be expected to make provision, or a contribution towards provision of open space, sports and recreation facilities which are necessary and reasonably related in form and scale.

**3.4** Updated evidence has been prepared: Open Space Study (August 2017) and Playing Pitch Strategy (December 2017) as part of the evidence base for the Local Plan to provide updated details on provision of facilities in the District.

**3.5** Consultants Knight Kavanagh & Page (KKP) prepared an Open Space Study Standards paper that proposes quantity standards used to identify areas of shortfall. These have been used to inform the current balance of provision set out in the table below.

**3.6** The report recommended that a quantity standard is not set for natural and semi-natural greenspace. The 2009 study recommended a standard of 0.75 hectares per 1,000 population. In 2017, the current provision per 1,000 population is 5.44 hectares. The location and proximity of the Peak District National Park is also recognised as a significant contributor to natural provision in the area.

**Table 3.2 Current open space provision against recommended quantity standards (2017)**

Analysis area	Quantity standard in hectares per 1,000 population							
	Parks and gardens		Amenity Green Space		Provision for children and young people		Allotments	
	0.14		0.60		0.08		0.10	
Biddulph	-	-0.14	1.44	+0.84	0.05	-0.03	0.06	-0.04
Cheadle	-	-0.14	0.91	+0.31	0.03	-0.05	0.06	-0.04

Analysis area	Quantity standard in hectares per 1,000 population							
	Parks and gardens		Amenity Green Space		Provision for children and young people		Allotments	
	Current provision	+ / -	Current provision	+ / -	Current provision	+ / -	Current provision	+ / -
Leek	0.66	+0.52	1.00	+0.40	0.16	+0.08	0.37	+0.27
Rural	-	-0.14	0.89	+0.29	0.03	-0.05	0.04	-0.06

**3.7** As only the Leek analysis area has parks and gardens provision, the other three areas currently have a shortfall against the recommended quantity standard of 0.14 hectares per 1,000 population. Leek analysis area currently has 0.66 hectares of provision and therefore meets the recommended standard.

**3.8** All analysis areas meet the recommended quantity standard for amenity greenspace (0.60 hectares per 1,000 population).

**3.9** Leek analysis area, with 0.37 hectares per 1,000 head of population, is currently the only analysis area to meet the recommended quantity standard (0.10 hectares) for allotments. Leek analysis area also meets national benchmarks such as National Society of Allotment and Leisure Gardeners (0.25 hectares).

**3.10** Leek analysis area is also currently the only area to meet the recommended quantity standard (0.08 hectares per 1,000 population) with respect to provision for children and young people. The other analysis areas fall short of this standard. The largest shortfalls are noted in the Cheadle and Rural analysis areas (both 0.05 hectares per 1,000 population).

**3.11** The identified deficiencies and surpluses in existing and future open space provision should help inform an approach to securing open space facilities through new housing development and help form the basis for negotiation with developers for contributions towards the provision of open spaces.

**3.12** A Playing Pitch Strategy (PPS) and Action Plan have been developed from research and analysis of outdoor sports provision and usage within Staffordshire Moorlands. Preparation of the PPS has been undertaken in accordance with the methodology provided in Sport England's Guidance 'Playing Pitch Strategy Guidance' for assessing demand and supply for outdoor sports facilities (2013). Future demand set out in the table below is based on ONS calculations and club consultation which also includes latent and displaced demand identified.

**Table 3.3 Quantitative headline findings all sports (2017)**

Sport	Current picture	Future picture (2031)
Football (grass pitches)	<ul style="list-style-type: none"> <li>• Spare capacity of 3 adult match equivalent sessions</li> </ul>	<ul style="list-style-type: none"> <li>• Spare capacity of 2.5 adult match equivalent sessions</li> </ul>

Athletics	<ul style="list-style-type: none"> <li>• Current demand is being met.</li> </ul>	<ul style="list-style-type: none"> <li>• Future demand can be met.</li> </ul>

**3.13** The existing position for all sports is either that demand is being met or that there is a shortfall, however the future position shows the exacerbation of current shortfalls and the creation of shortfalls for some facilities and for some areas where demand is currently being met.

**3.14** In the main, surpluses and shortfalls expressed can be met by improving quality to increase capacity. In some instances, however, there may also be a requirement for access to existing unused provision, such as pitches located at currently unavailable school sites, or pitch re-configuration. However this does not apply to the shortfall of 3G pitches, which can only be met through increased provision.

## Duty to Co-operate

## 4 Duty to Co-operate

**4.1** Strategic planning is a key element of plan-making to ensure that social, economic and environmental planning issues are properly addressed at a larger than local scale. This is because the actions of people, businesses and services have consequences which go beyond a single local authority area. Following the abolition of the regional level, strategic planning will be undertaken through the 'duty to co-operate' requirement set out in the Localism Act and the NPPF which ensures that local authorities and public bodies that are critical to plan making co-operate with each other and that they are involved in continual constructive and active engagement as part of the planning process.

**4.2** The Council is working with neighbouring authorities, other public bodies and relevant partners in preparing the Local Plan. Work on the Local Plan's ongoing engagement methods have included meetings, consultation, partnership working and joint evidence gathering.

**4.3** The Local Plan identifies eleven Strategic Objectives (SO) that it seeks to achieve. The following table provides an overview of the spatial relationship of each Duty to Co-operate body with Staffordshire Moorlands, associated cooperation matters, engagement methods and Local Plan Strategic Objectives that co-operation supports.

**Table 4.1 Spatial relationships and strategic matters**

1. Note - LEP and LNP are not subject to the Duty to Co-operate but regard should be given to them

## Joint evidence base studies

**4.4** Numerous joint evidence base studies have shaped the Local Plan and those of neighbouring authorities. In addition, when not directly involved in relevant studies, neighbouring authorities and other stakeholders have also been consulted on the approach and initial findings of evidence base studies to ensure that a consistent approach. A summary of joint working on the Local Plan evidence base is provided below.

### **Outcomes and future arrangements**

**4.5** The outcome of the co-operation undertaken during the preparation of the Local Plan in terms of its influence on the plan, its delivery and the plans and strategies of partners are specified in the table below. Details of how these outcomes will be taken forward and implemented during the plan period are also recorded.

## Statement of Community Involvement

## 5 Statement of Community Involvement

**5.1** The Statement of Community Involvement (SCI) is a document explaining to the local community how they will be involved in the preparation of planning policy documents and planning applications. The preparation of an SCI is a statutory requirement under the Planning & Compulsory Purchase Act 2004. It is intended to set out standards to be met by the authority in terms of community involvement, building on the minimum requirements set out in the Town & Country Planning (Local Planning) (England) Regulations 2012.

**5.2** The Council's first SCI was adopted in 2006 and an updated SCI was adopted in December 2014. A revision to Chapter 5 of the updated SCI, relating to consultation on planning applications was consulted on in July 2015. This amendment was necessary to reflect the latest planning procedures which came into place after the SCI was adopted.

**5.3** In line with the monitoring requirements set out in the new SCI, future versions of the AMR will provide a summary of the previous years' community involvement activities in relation to Development Plan Documents and Supplementary Planning Documents and assess their effectiveness. This will be done by:

- Use of equal opportunities monitoring data collected from participants of consultation exercises;
- Use of the Citizens' Panel (where appropriate) to obtain feedback on the effectiveness of planning policy consultations in terms of methods of notification and gathering views;
- Consideration of comments received about the quality and effectiveness of planning policy consultations from participants.

**5.4** During the monitoring period, two public consultations were carried out on the emerging Local Plan:

- Consultation on the Preferred Options Local Plan: 31<sup>st</sup> July to 22<sup>nd</sup> September 2017.
- Publication of the Submission version Local Plan for receipt of representations regarding its legal compliance and soundness: 27<sup>th</sup> February to 11<sup>th</sup> April 2018.

**5.5** Views were sought on the Local Plan which comprises the following:

- A Portrait of Staffordshire Moorlands - a description of the District.
- The Challenges - a summary of the key challenges facing the District.
- The Vision – detailing what the Staffordshire Moorlands will be like in 2031.
- Aims and Objectives – stating what the Local Plan is proposing to achieve.
- A Spatial Strategy and Strategic Policies – setting out the over-arching strategy and policies for the District.
- Development Management Policies – setting out specific measures to manage development.

- Strategic Development Site Policies - specific policy to guide the development of strategic sites.
- Implementation and Monitoring - a framework for how the plan will be implemented and monitored.
- Maps - for Leek, Biddulph, Cheadle and the Rural Areas which identify proposed sites and boundaries.

**5.6** The consultations were widely publicised in line with the SCI. The consultation on the Preferred Options Local Plan included:

- Initial consultation with District Councillors through focus group sessions.
- Extensive postcard distribution to residents/businesses and consultees.
- Local drop in sessions throughout the district.
- Regular press releases in local papers.
- Site notices on all affected development sites.
- Posters erected by Parish Councils throughout the district.
- Regular tweets using the Council's social media platform.
- Consultation documents placed in all Council offices and libraries.
- Dedicated consultation web page on the Council web site hosting all consultation documents and on line responses.
- Online representations and comments promoted using the Council's on line service hosted by Objective.

**5.7** There was a high response to the consultation, over 2600 responses were received from over 1000 individuals and organisations, in addition to four petitions both for and against proposals. A summary of the responses to the consultation can be seen on the Council's website.

**5.8** The responses to the consultation have been taken into consideration in the preparation of the Submission version Local Plan.

**5.9** The high level of response to the consultation indicates that it was well publicised and people were aware of the consultation being undertaken.

**5.10** In February 2018 the Council published the Local Plan Submission Version for representations under Regulation 19 of The Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended) for a period of six weeks closing on 11th April. During this period, formal representations were sought from the public and other stakeholders on whether they believe the plan to be compliant with the tests of soundness as set out in the National Planning Policy Framework or in line with legal requirements.

**5.11** The Council invited 12,894 contacts on the consultation database to submit representations (8,997 letters and 3,897 emails). Paper copies of the consultation material were available at all libraries and Council offices in the District. Press releases, the Council's website and social media were also used to raise awareness.

**5.12** A total of 559 representations were received in response to the Submission Version Local Plan from 200 individuals or organisations.

## Neighbourhood Planning

## 6 Neighbourhood Planning

### Neighbourhood Planning

**6.1** Neighbourhood planning is part of the new planning system introduced by the Localism Act 2011, through the establishment of Neighbourhood Development Plans, Neighbourhood Development Orders and Community Right to Build initiatives.

**6.2** Neighbourhood planning enables members of a local community to take forward planning proposals for the neighbourhood in which they live. Local communities can produce Neighbourhood Plans for their local area, putting in place planning policies for the future development and growth of the neighbourhood. Neighbourhood Development Plans are voluntary local planning policy documents - that are written and developed by a community - usually led by a town or parish council.

**6.3** Once a neighbourhood plan is made, and adopted in Staffordshire Moorlands it will form part of the Local Development Plan for Staffordshire Moorlands. This means that it will become a main consideration within the local planning system.

### Support for Neighbourhood Planning

**6.4** The District Council supports Neighbourhood Planning and aims to provide assistance to local communities who wish to produce plan by providing:

- Initial advice and an introductory meeting to explain the process.
- Holding Neighbourhood Planning forums
- Advice on the evidence needed to prepare the plan.
- Provision of local maps.
- Specialist technical advice on issues such as affordable housing, heritage and conservation and sustainability appraisal.
- A “critical friend” role throughout the drafting of the plan, attending steering group meetings where necessary to provide advice and support.
- Assistance with consultation and publicity programmes, including providing details of statutory consultees and support with press releases.
- Reviewing draft documents to ensure they meet the basic conditions.

**6.5** There are seven Neighbourhood Areas designated in the District. The details below give progress to date (June 2018) on all the Neighbourhood Plans. For all the neighbourhood areas the designated area is the same as the parish/town council boundary. All qualifying bodies have had discussions with Staffordshire Moorlands District Council regarding preparation of their Neighbourhood Plans.

#### Leekfrieth Neighbourhood Plan

- **Name of Designated Neighbourhood Area:** Leekfrieth

- **Date of Designation:** 24<sup>th</sup> March 2015 (Staffordshire Moorlands District Council) and 13<sup>th</sup> March 2015 (Peak District National Park Authority)
- **Relevant Body:** Leekfrith Parish Council
- **Progress:** Work underway
  - Plan preparation supported by Peak District National Park Authority.
  - Pre-submission (Regulation 14) consultation took place between 31<sup>st</sup> January and 21<sup>st</sup> March 2018.

### **Brown Edge Neighbourhood Plan**

- **Name of Designated Neighbourhood Area:** Brown Edge

## Community Infrastructure Levy

## 7 Community Infrastructure Levy

**7.1** The Community Infrastructure Levy (CIL) is a planning charge, introduced by the Planning Act 2008 as a tool for local authorities in England and Wales to help deliver infrastructure to support the development of their area. It came into force on 6 April 2010 through the Community Infrastructure Levy Regulations 2010.

**7.2** In 2013 Staffordshire Moorlands District Council along with the Peak District National Park Authority, Derbyshire Dales District Council and High Peak Borough Council commissioned a viability assessment (2013) which considers how CIL charges could be implemented.

**7.3** Staffordshire Moorlands District Council and High Peak Borough Council have commissioned consultants Keppie Massie to provide an update to the earlier study.

**7.4** The Council has not made a decision on whether or not it will take CIL forward yet.

## Self Build Register

## **8 Self Build Register**

**8.1** The Self-build and Custom Housebuilding Act 2015 requires the Council to keep a register of individuals/associations who are seeking a serviced plot of land to build a house on to for them to occupy as their sole or main residence. These register will provide information regarding the demand for self/custom build housing in the District and will inform the evidence base of the demand for this housing.

**8.2** The Council's Self Build Register was set up in April 2016. Details of the register are shown in the table above.

**8.3** The register provides details of the property required and includes information on the following:

- Registered with other local authority
- Plot/property details
- Location
- Timescale for building

**8.4** During the monitoring period there were 27 applications for the register. A number of registrations gave limited details. 8 had also registered with other local planning authorities. All the other authorities were neighbouring authorities Stoke-on-Trent City Council, Stafford Borough Council, Newcastle Borough, Cheshire East. All were from individuals looking for a single plot.

**8.5** 25 were for a detached house (7 of which wanted bungalow). Of the others 2 stated they were flexible regarding plot type and the other did not specify.

**8.6** The majority of registrations were for a large property. 11 were for a 4 bedroom dwelling, 11 for a 3 bedroom dwelling and 6 for 1-2 bedrooms.

**8.7** Most registrations specified a particular location in the Borough. 8 registrations indicated they wanted a plot anywhere in the District. 19 Specified a particular location

- 6 Leek
- 2 Biddulph Moor
- 2 Caverswall, Forsbrook, Blythe Bridge
- 3 North Leek Cheadle
- 4 Rural semi rural
- 2 Waterhouses area

**8.8** 1 registrations indicated they wanted a dwelling with sustainable construction methods.

**8.9** The majority of registrations wanted to build relatively quickly. 8 registrations wanted to build within 6 months, 14 within 12 months, 3 within 1-2 years and 2 within 2-3 years.

**8.10** In summary most registrations were looking for a stand alone plot for a large 3/4 bedroom detached house and timescale for building was relatively short with most wanting to build within 12 months.

**8.11** The Council will looking at regularly updating the register to determine if people have found a plot elsewhere, built in the District or no longer wish to be on the register. It is important that the Register contains an accurate and up to date picture of the demand for self build plots.

**8.12** The Council is in the process of updating the Strategic Housing Land Availability Assessment (SHLAA) with a Strategic Housing Employment Land Availability Assessment (SHELAA) and this may provide a source of potential sites.
