13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of eight grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 1,000m of Saltersford Lane Meadows SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (AL026)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Alton has scope to have a positive effect on the vitality and viability of Alton and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (AL026)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 43 dwellings is considered to have a significant positive effect. Similarly, the site's proximity to health care services and facilities is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets and a SSSI.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.125**

**AL027**

SA Objective	Assessment Criteria - Does the site (AL027)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (AL027)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set outside of the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the outside of the village boundary, but is within 400m of the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that Alton does not have a secondary school and that the current supply of educational services and facilities is currently adequate but it is expected to be outstripped by future demand. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It should be noted</p>	+

SA Objective	Assessment Criteria - Does the site (AL027)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities is currently adequate but it is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 45 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Alton and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++

SA Objective	Assessment Criteria - Does the site (AL027)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 500m of Saltersford Lane Meadows SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site itself has eleven trees with bat potential, species rich hedgerows, and species poor grasslands which are well connected to a series of other hedgerows and other habitats. Therefore the site is attributed at least district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (AL027)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of two scheduled monuments, one grade I listed asset, five grade II* listed asset and forty one grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the historical heritage assets and its setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 500m of Salterford Lane Meadows SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (AL027)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. <b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Biddulph Moor has scope to have a positive effect on the vitality and viability of Biddulph Moor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of an area of existing employment within the village or District and, as such, could provide accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (BM008)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 18 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of existing employment and low ecological value is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of mixed brownfield and greenfield, grade 4 ALC land and the site's proximity to historic assets is assessed as having a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.127**

**BM013**

SA Objective	Assessment Criteria - Does the site (BM013)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (BM013)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set just outside of the village could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Biddulph Moor does not have a secondary school and that education facilities and services within the town have adequate supply at present but it is expected to be outstripped by future demand. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Biddulph Moor does not have a GP surgery. It should be noted that</p>	+

SA Objective	Assessment Criteria - Does the site (BM013)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	supply for health care services and facilities currently falls short of demand and this is expected to worsen in the future without additional investment. Overall, this site has been assessed as having a positive effect on this Objective.	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 65 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Biddulph Moor as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (BM013)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Biddulph Valley Way (Whitemoor) SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has fairly low potential to support protected species as the habitats are fairly newly created and fairly poorly connected to other more biodiverse habitats. However, as a pond and potential supporting habitat for amphibians and reptiles is present the site has been deemed to have district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (BM013)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 2,000m of Biddulph Valley Way (Whitemoor) SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (BM013)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Biddulph Moor has scope to have a positive effect on the vitality and viability of Biddulph Moor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. <p><b>SOCIAL</b></p>			

SA Objective	Assessment Criteria - Does the site (BM014B)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set just outside of the village could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Biddulph Moor does not have a secondary school and that education facilities and services within the town have adequate supply at present but it is expected to be outstripped by future demand. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Biddulph Moor does not have a GP surgery. It should be noted that</p>	+

SA Objective	Assessment Criteria - Does the site (BM014B)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>supply for health care services and facilities currently falls short of demand and this is expected to worsen in the future without additional investment. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 25 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Biddulph Moor as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (BM014B)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Biddulph Valley Way (Whitemoor) SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (BM014B)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is more than 400m from a listed assets. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	The site would be more than 2,000m of Biddulph Valley Way (Whitemoor) SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (BM014B),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Biddulph Moor has scope to have a positive effect on the vitality and viability of Biddulph Moor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 500m to existing area of employment within the village or District and, as such, could provide accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 25 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of existing employment is likely to have a positive effect, as could its location away from historic assets and designated assets. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect.</p>

	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	supply for health care services and facilities currently falls short of demand and this is expected to worsen in the future without additional investment. Overall, this site has been assessed as having a positive effect on this Objective.	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 12 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Biddulph Moor as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (BM029)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Biddulph Valley Way (Whitemoor) SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has fairly low potential to support protected species as the habitats are species poor and fairly poorly connected to other more biodiverse habitats. However, there is potential for terrestrial amphibians to be present therefore the site is considered to have district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (BM029)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 2,000m of Biddulph Valley Way (Whitemoor) SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (BM029)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Biddulph Moor has scope to have a positive effect on the vitality and viability of Biddulph Moor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m to existing area of employment within the village or District and, as such, could provide accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (BM029)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 12 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of existing employment is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is its location near to historic assets and the district ecological importance of the site.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Biddulph Valley Way (Whitemoor) SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has fairly low potential to support protected species as the habitats are species poor and poorly connected to other more biodiverse habitats; however the presence of buildings with bat roosting potential elevates the value of the site to district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (BM031)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<p><b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b></p>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of one grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>The site would be more than 2,000m of Biddulph Valley Way (Whitemoor) SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (BM031)...?	Commentary on likely nature of effects of site allocation	Overall assessment
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Biddulph Moor has scope to have a positive effect on the vitality and viability of Biddulph Moor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 500m to an existing area of employment within the village or District and, as such, could provide accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>			
The proposed delivery of circa 60 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of existing employment is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is its location near to historic assets and the district ecological importance of the site.

The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>Help safeguard the best and most versatile agricultural land?</li> <li>Deliver development that helps to minimise the loss of greenfield land?</li> <li>Offer opportunities to reduce land contamination / instability?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-

SA Objective	Assessment Criteria - Does the site (BM035)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>		
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 2,000m of Biddulph Valley Way (Whitemoor) SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (BM035)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Biddulph Moor has scope to have a positive effect on the vitality and viability of Biddulph Moor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 500m to an existing area of employment within the village or District and, as such, could provide accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 35 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of existing employment is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is its location near to historic assets.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is located in the centre of the village could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership,</li> </ul>	<p>The site is located in the centre of the village, it is within 400m of the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. The site is in proximity to Blythe Bridge High School and Sixth Form. It should be noted that the current supply of educational and community services</p>	++

SA Objective	Assessment Criteria - Does the site (BB021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<p>pregnancy / maternity, race, religion / belief, sex and sexual orientation?</p> <ul style="list-style-type: none"> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>and facilities is currently exceeding demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It should be noted that the current supply of health care services and facilities is currently exceeding demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p>+</p>
<p>4. To minimise opportunities for crime and reduce the fear of crime.</p>	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p>+</p>
<p>5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 30 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	<p>++</p>
<p>6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Blythe Bridge and Forsbrook as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop and train station. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	<p>++</p>
<b>ENVIRONMENTAL</b>			

SA Objective	Assessment Criteria - Does the site (BB021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	Part of the site is located within a flood zone 2 and 3 area and, as such, it can be considered that the site would be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to an increased water demand within the District. Overall, this site has been assessed as having a significant negative effect on this objective, however the exact effects are uncertain.	--/?
<b>Biodiversity, Flora and Fauna</b>			
10. <b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is more than 400m from a listed asset. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 3,000m of Coyney Woods (LNR). Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (BB027/28)...?	Commentary on likely nature of effects of site allocation	Overall assessment
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Blythe Bridge and Forsbrook has scope to have a positive effect on the vitality and viability of Blythe Bridge and Forsbrook and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 500m to an existing area of employment within the village or District and, as such, could provide accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>			
The proposed delivery of circa 27 dwellings is considered to have a significant positive effect, as is the accessibility of the site to services and facilities and public transport. Similarly, the site's accessibility to areas of existing employment is likely to have a positive effect, as could the site's location away from historic assets. However, the site is within flood zone 2 and 3 which is likely to have a significant negative effect. Similarly, the site is adjacent to Blyth Bridge Woods BAS which would have a negative effect, as would the development of greenfield, urban ALC land.			
<b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b>

<p>persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<p>people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</p> <ul style="list-style-type: none"> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>here that could serve prospective residents of the site. It should be noted that the current supply of educational and community services and facilities is currently exceeding demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 800m of a GP surgery. It should be noted that the current supply of health care services and facilities is currently exceeding demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>4. To minimise opportunities for crime and reduce the fear of crime.</p>	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 12 dwellings. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<p>6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Blythe Bridge and Forsbrook as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 1,000m of a bus stop and train station. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			

SA Objective	Assessment Criteria - Does the site (BB040)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> </ul>	The site is more than 2,500m from Coyney Woods (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site generally has low biodiversity apart potentially from the scattered mature trees, seven of which have potential to support roosting bats and is given district	-/?

SA Objective	Assessment Criteria - Does the site (BB040)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>importance as a consequence. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as urban ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. <b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Blythe Bridge and Forsbrook has scope to have a positive effect on the vitality and viability of Blythe Bridge and Forsbrook and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,000m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a negative effect on this Objective.	-
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 30 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to public transport is likely to have a positive effect. However, the site is within flood zone 2 and 3 which is likely to have a significant negative effect. Similarly, the development of greenfield, urban ALC land is assessed as having a negative effect, as is the regional ecological importance of the site and the inaccessibility of areas of existing employment.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p>

<p>persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<p>people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</p> <ul style="list-style-type: none"> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>here that could serve prospective residents of the site. It should be noted that the current supply of educational and community services and facilities is currently exceeding demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 1,200m of a GP surgery. It should be noted that the current supply of health care services and facilities is currently exceeding demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<p>4. To minimise opportunities for crime and reduce the fear of crime.</p>	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 15 dwellings. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<p>6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 1,200m of the village centre of Blythe Bridge and Forsbrook as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop and 2,000m of a train station. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			

SA Objective	Assessment Criteria - Does the site (BB045)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 1,200m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> </ul>	The site is more than 3,500m from Coyney Woods (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site itself although florally fairly species poor it has the potential to become a species rich grassland mosaic with an appropriate management regime applied to	-/?

SA Objective	Assessment Criteria - Does the site (BB045)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>encourage conservation rather than be developed. The presence of a number less common species could suggest that the site could have some species missed due to seasonal vegetative die back. The site also has potential to support roosting bats and reptiles so is therefore considered to have district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources, and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as urban ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is more than 400m from a listed asset. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of this historical heritage asset. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	+/?

SA Objective	Assessment Criteria - Does the site (BB045)...?	Commentary on likely nature of effects of site allocation	Overall assessment
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>Deliver development that maximises re-use of brownfield land?</li> <li>Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 3,500m of Coyney Woods (LNR). Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Blythe Bridge and Forsbrook has scope to have a positive effect on the vitality and viability of Blythe Bridge and Forsbrook and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 1,000m to an existing area of employment within the village or District and, as such, could provide accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a neutral effect on this Objective.	0

<b>SOCIAL</b>			
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is located in the outside of the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 800m of the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that the current supply of educational and community services and facilities is currently exceeding demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles.</p>	+

SA Objective	Assessment Criteria - Does the site (BB062)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>Similarly, the site is within 800m of a GP surgery. It should be noted that the current supply of health care services and facilities is currently exceeding demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 20 dwellings. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Blythe Bridge and Forsbrook as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 1,000m of a bus stop and train station. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (BB062)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,500m from Coyney Woods (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site itself has species poor hedgerows which are connected to a series of other hedgerows and habitats within a rural landscape. Although the site has low biodiversity value the site is considered to have distinct ecological importance overall as the pond could potentially support great crested newts. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (BB062)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as urban ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is more than 500m from a listed asset. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	+/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>The site would be more than 2,500m of Coyney Woods (LNR). Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (BB062)...?	Commentary on likely nature of effects of site allocation	Overall assessment
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Blythe Bridge and Forsbrook has scope to have a positive effect on the vitality and viability of Blythe Bridge and Forsbrook and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,000m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a negative effect on this Objective.	-
<b>Summary of overall assessment and likely significant effects:</b>			
The proposed delivery of circa 20 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to services and facilities is likely to have a positive effect, as could the site's location away from historic assets. However, the development of greenfield, urban ALC land is assessed as having a negative effect, as is the district ecological importance of the site.

SA Objective	Assessment Criteria - Does the site (BB087)...?	Commentary on likely nature of effects of site allocation	Overall assessment
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>Overall, this site has been assessed as having a positive effect on this Objective.</p> <p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 46 dwellings. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Blythe Bridge and Forsbrook as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop and 1,000m of a train station. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (BB087)...?	Commentary on likely nature of effects of site allocation	Overall assessment
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	<p>The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.</p>	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	<p>As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.</p>	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>The site is more than 3,500m from Barnaston and Rough Close Common (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has good potential to support protected species due to the presence of two ponds and associated riparian habitat as well as adequate terrestrial habitat and potential refuges. The site is also well connected to more biodiverse habitats and the wider countryside. Therefore the site is considered to have regional ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>Help safeguard the best and most versatile agricultural land?</li> <li>Deliver development that helps to minimise the loss of greenfield land?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as urban ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (BB087)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>		
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of one grade II listed asset. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the historical heritage assets and its setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	--/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 3,500m of Barlaston and Rough Close Common (LNR). Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (BB087)...?	Commentary on likely nature of effects of site allocation	Overall assessment
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Blythe Bridge and Forsbrook has scope to have a positive effect on the vitality and viability of Blythe Bridge and Forsbrook and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>			
The proposed delivery of circa 46 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to services and facilities is likely to have a positive effect. However, the site's proximity to historic assets is likely to have a negative effect. The development of greenfield, urban ALC land is assessed as having a negative effect, as is the regional ecological importance of the site.

<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (BB087)...?	Commentary on likely nature of effects of site allocation	Overall assessment
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	<p>The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.</p>	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	<p>As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.</p>	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>The site is more than 3,500m from Barlaston and Rough Close Common (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has good potential to support protected species due to the presence of two ponds and associated riparian habitat as well as adequate terrestrial habitat and potential refuges. The site is also well connected to more biodiverse habitats and the wider countryside. Therefore the site is considered to have regional ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as urban ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (BB087)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>		
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of one grade II listed asset. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the historical heritage assets and its setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	--/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 3,500m of Barlaston and Rough Close Common (LNR). Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (BB087)...?	Commentary on likely nature of effects of site allocation	Overall assessment
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed employment use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of an employment site within the village centre has the scope to have a positive effect on the vitality and viability of Blythe Bridge and Forsbrook and the wider District, as new employment could be expected to increase footfall in the nearby village centre. Overall, this site has been assessed as having a significant positive effect on this objective.	++
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site and the proposed employment use of the site could be considered to have a positive effect on businesses and the residents of Blythe Bridge and Forsbrook as it could strengthen and diversify the economy. Overall, this has been assessed as having a significant positive effect on this Objective.	++
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is proximity to areas of existing local employment provision as well as new employment provision generated by this site. Overall, this site has been assessed as having a significant positive effect on this objective.	++
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The development of new employment premises should have a significant positive effect on the vitality and viability of the District, strengthen economic growth and support a higher level of employment within the District. Similarly, the site's accessibility to services and facilities is likely to have a positive effect. However, the site's proximity to historic assets is likely to have a significant negative effect. The development of greenfield, urban ALC land is assessed as having a negative effect, as is the regional ecological importance of the site.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p>

	and villages and maintain and strengthen local distinctiveness and sense of place?		
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 1,750m from Marshes Hill Common (LNR). Given the location of the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Brown Edge has scope to have a positive effect on the vitality and viability of Brown Edge and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (BE003A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The site's proximity to the village centre could reduce the need to travel and as such have a positive effect on climate change which is likely to have a significant positive effect. The proposed delivery of circa 6 dwellings is considered to have a positive effect, as its distance away from historic assets and low ecological value. However, the site is relatively inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,000m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has mostly low biodiversity value overall in terms of area, although it is well connected to the wider countryside and is deemed to have a low ecological value overall. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (BE032)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of a grade II listed asset. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be more than 1,000m from Marshes Hill Common (LNR). Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (BE032)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Brown Edge has scope to have a positive effect on the vitality and viability of Brown Edge and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			
The proposed delivery of circa 35 dwellings is considered to have a significant positive effect. Similarly, the site's low ecological value is likely to have a positive effect. However, the site is relatively inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets.

	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 50 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Brown Edge as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (BE041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,250m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has mostly low to medium biodiversity value overall in terms of area. It is surrounded by dwellings and species poor grassland with fairly good connectivity to the wider countryside, therefore is deemed to have at least district importance due to the presence of some areas of floral diversity and the assemblage of mature trees of which eight are deemed to have potential to support roosting bats. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site	-/?

<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is more than 600m from a listed asset. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 1,500m from Marshes Hill Common (LNR). Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (BE044)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Brown Edge has scope to have a positive effect on the vitality and viability of Brown Edge and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (BE044)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 20 dwellings is considered to have a significant positive effect. Similarly, the site's distance away from historic assets is likely to have a positive effect. However, the site is relatively inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the district ecological importance of the site.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (BE045)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Brown Edge does not have a secondary school but supply of educational and community services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Brown Edge does not have a GP surgery and</p>	+

SA Objective	Assessment Criteria - Does the site (BE045)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 35 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Brown Edge as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (BE045)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,500m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site itself has five trees with bat potential, species rich hedgerows, and tall ruderal vegetation which are connected to a series of other hedgerows and habitats, that forms an important potentially biodiverse mosaic and therefore warrants being assigned at least a district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (BE045)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. <b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Brown Edge has scope to have a positive effect on the vitality and viability of Brown Edge and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (BE056)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 15 dwellings is considered to have a significant positive effect. However, the site is relatively inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the district ecological importance of the site.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (BE060)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is remote, outside the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	<p>--</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Brown Edge does not have a secondary school but supply of educational and community services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	<p>--</p>
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Brown Edge does not have a GP surgery and</p>	<p>+</p>

SA Objective	Assessment Criteria - Does the site (BE060)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 60 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Brown Edge as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (BE060),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,500m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (BE060)...?.	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of a grade II listed asset. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be more within 1,500m from Marshes Hill Common (LNR). Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (BE060)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Brown Edge has scope to have a positive effect on the vitality and viability of Brown Edge and the wider District, as new residents could be expected to increase footfall. SA Objective	Assessment Criteria - Does the site (CD004),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is both inside and outside the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 1,200m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Cheddleton does not have a secondary school but supply of educational and community services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	<p>--</p>
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Cheddleton does not have a GP surgery and that</p>	<p>+</p>

SA Objective	Assessment Criteria - Does the site (CD004)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 18 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is more than 1,200m from the village centre of Cheddleton as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. Similarly, the site is more than 1,200m from the village centre and could increase the need to travel. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (CD004),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	<p>The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.</p>	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	<p>As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.</p>	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>The site is more than 1,750m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that site has some potential for protected species to be present due to the proximity and connection to semi-natural broadleaved woodland. However, as a reptile survey is recommended the site is considered to have distinct ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?

SA Objective	Assessment Criteria - Does the site (CD004)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of two grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more within 1,750m from Churnet Valley SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (CD004),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with access to the village centre of Cheddleton has scope to have a positive effect on the vitality and viability of Cheddleton and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (CD004)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 18 dwellings is considered to have a significant positive effect, as could the site's proximity to areas of existing employment. Similarly, the site's accessibility to areas of countryside and open space is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets and the district ecological importance of the site.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

SA Objective	Assessment Criteria - Does the site (CD029)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 8 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is more than 1,200m from the village centre of Cheddleton as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 1,000m of a bus stop. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. Similarly, the site is more than 1,200m from the village centre and could increase the need to travel. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (CD029),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,750m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (CD029)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is more than 500m from listed assets. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	+/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be more within 1,750m from Churnet Valley SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (CD029),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with access to the village centre of Cheddleton has scope to have a positive effect on the vitality and viability of Cheddleton and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<b>Summary of overall assessment and likely significant effects:</b>			
The site's proximity to areas of existing employment is considered to have a significant positive effect. Similarly, the proposed delivery of circa 8 dwellings is likely to have a positive effect, as could the site's accessibility to areas of open countryside and location away from historic assets. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's inaccessibility to services and facilities.

<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (CD0069A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	<p>The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.</p>	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	<p>As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.</p>	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>The site is more than 2,250m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has mostly very low biodiversity overall and is located near to an urban environment with little connectivity to the wider countryside which lowers the biodiversity of the area considerably. Therefore the site is deemed to have low ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	+/?

SA Objective	Assessment Criteria - Does the site (CD0069A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as mixed grade 4 ALC land, so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m from one scheduled monument, seven grade II* listed assets and nineteen grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more within 2,250m from Churnet Valley SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (CD0069A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Cheddleton has scope to have a positive effect on the vitality and viability of Cheddleton and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (CD0069A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 6 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open countryside and low ecological importance is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the site's inaccessibility to areas of existing employment is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.160**

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (CD088),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a mixed brownfield and greenfield site that is inside the village boundary could help to improve the social and environmental quality of the village centre. Overall, this site has been assessed as having a positive effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Cheddleton does not have a secondary school but supply of educational and community services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Cheddleton does not have a GP surgery and that</p>	+

SA Objective	Assessment Criteria - Does the site (CD088)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 7 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Cheddleton as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. <b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,750m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that site has mostly low biodiversity value overall in terms of area. However, the major aspects of interest are the significant bat potential in the five trees and the species rich hedgerow which constitutes the site being given district importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (CD002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is more than 500m from a listed asset. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more within 1,750m from Churnet Valley SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (CD002),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with access to the village centre of Cheddleton has scope to have a positive effect on the vitality and viability of Cheddleton and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (CD002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 26 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of existing employment and open countryside, as well as the site's location away from historic assets is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's district ecological importance.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (CD003),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 1,200m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Cheddleton does not have a secondary school but supply of educational and community services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Cheddleton does not have a GP surgery and that</p>	+

SA Objective	Assessment Criteria - Does the site (CD003)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 70 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is more than 1,200m from the village centre of Cheddleton as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. Similarly, the site is more than 1,200m from the village centre and could increase the need to travel. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (CD003),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,750m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that site has mostly low biodiversity value overall in terms of area. However, the major aspects of interest are the significant bat potential in the seven trees and species rich hedgerow which values the site as having district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m from one grade II listed asset. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be more within 2,000m from Churnet Valley SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (CD007),...?	Commentary on likely nature of effects of site allocation	Overall assessment
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>of the natural environment identified in the NCA profiles?</li> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with access to the village centre of Cheddleton has scope to have a positive effect on the vitality and viability of Cheddleton and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	<p>The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p><b>Summary of overall assessment and likely significant effects:</b></p>			
<p>The proposed delivery of circa 14 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to the open countryside and areas of existing employment is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect and location near to historic assets.</p>			

SA Objective	Assessment Criteria - Does the site (CD007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

SA Objective	Assessment Criteria - Does the site (CD008)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (CD008),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 1,200m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Cheddleton does not have a secondary school but supply of educational and community services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Cheddleton does not have a GP surgery and that</p>	+

SA Objective	Assessment Criteria - Does the site (CD008)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 23 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 1,200m from the village centre of Cheddleton as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. Similarly, the site is within 1,200m from the village centre and could increase the need to travel. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (CD008),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (CD008)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m from two grade II listed assets. <b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with access to the village centre of Cheddleton has scope to have a positive effect on the vitality and viability of Cheddleton and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<b>Summary of overall assessment and likely significant effects:</b>			
The proposed delivery of circa 30 dwellings is considered to have a significant positive effect, as is the site's accessibility to areas of existing employment. Similarly, the site's accessibility to the open countryside is likely to have a positive effect. However, the inaccessibility of services and facilities is likely to have a significant negative effect. Similarly, the development of greenfield, grade 4 ALC land is assessed as having a negative effect and location near to historic assets.			

SA Objective	Assessment Criteria - Does the site (CD015)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<p><b>SOCIAL</b></p>			

SA Objective	Assessment Criteria - Does the site (CD019),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 800m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Cheddleton does not have a secondary school but supply of educational and community services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Cheddleton does not have a GP surgery and that</p>	+

SA Objective	Assessment Criteria - Does the site (CD019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 39 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m from the village centre of Cheddleton as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (CD019),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that site has mostly low biodiversity value overall in terms of area. The major aspects of interest are focussed on the species rich hedgerow and bat potential in the oak and sycamore trees and general potential for supporting breeding birds in the scattered trees and hedgerows. Therefore the site is deemed to have district ecological importance. The HIRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?

SA Objective	Assessment Criteria - Does the site (CD019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m from eight grade II listed assets. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more within 2,000m from Churnet Valley SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (CD019),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Cheddleton has scope to have a positive effect on the vitality and viability of Cheddleton and the wider District, as new residents could be expected to increase footfall. SA Objective	Assessment Criteria - Does the site (CD115)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside the village boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. However, the proposed mixed use of this site may introduce new services and facilities into the village. It should be noted that Cheddleton does not have a secondary school but supply of educational and community services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents and employees with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Cheddleton does not have a</p>	+

SA Objective	Assessment Criteria - Does the site (CD115)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>GP surgery and that the GP surgery serving the settlement currently has adequate supply but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 104 dwellings and therefore also provide a quantum of affordable housing on site. It is acknowledge that the site is proposed as mixed use which may reduce the quantum of housing delivered by this site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Cheddleton as well as being within the open countryside which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (CD115)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a greenfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have no effect on this asset. The Ecological Study (2015) notes that the site has very low biodiversity value overall with only trees and the hedgerow having potential for supporting breeding birds, and foraging bats and badger. Therefore the site is attributed a low ecological value. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (CD115)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land, so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	<p>--/?</p>
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	<p>0</p>
<p><b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b></p>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m from one grade II* listed asset and ten grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	<p>--/?</p>
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be more within 2,000m from Churnet Valley SSSI. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	<p>0</p>

SA Objective	Assessment Criteria - Does the site (CD115)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed mixed use of this site could have an effect on investment in culture and tourism within the village and wider district. Similarly, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a mixed use site with good access to the village centre of Cheddleton has scope to have a positive effect on the vitality and viability of Cheddleton and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a significant positive effect on this Objective.	++
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site and proposed employment use of the site could encourage investment in people and infrastructure through developer contributions and strengthen and diversify the economy. Overall, this site has been assessed as having a significant positive effect on this Objective, however the exact effects are uncertain.	++
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective resident as well as new employment provision on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The development of new employment premises should have a significant positive effect on the vitality and viability of the District, strengthen economic growth and support a higher level of employment within the District. Similarly, the provision of housing provided is likely to have a significant positive effect. However, the inaccessibility of services and facilities and development of greenfield, grade 3 ALC land is likely to have a significant negative effect. Similarly, the site's proximity to historic assets is likely to have a negative effect.</p>

	<p>pregnancy / maternity, race, religion / belief, sex and sexual orientation?</p> <ul style="list-style-type: none"> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>the future. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It should be noted that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p>+</p>
<p>4. To minimise opportunities for crime and reduce the fear of crime.</p>	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p>+</p>
<p>5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 45 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	<p>++</p>
<p>6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Endon and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p>+</p>
<b>ENVIRONMENTAL</b>			

SA Objective	Assessment Criteria - Does the site (EN007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	<p>The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.</p>	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	<p>Part of the site is located within a flood zone 3 area and, as such, it can be considered that the site would be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a significant negative effect on this objective.</p>	--
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> </ul>	<p>The site is more than 2,250m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site is directly adjacent to a housing estate and species poor grasslands, which reduces the value of the site as a whole to bats and other species</p>	-/?

SA Objective	Assessment Criteria - Does the site (EN007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>of wildlife. The site also has mostly low biodiversity value overall in terms of area, but due to its assemblage of mature trees and wet areas with associated fauna the site is deemed as of district ecological importance in terms of its loss to the wider countryside. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns</li> </ul>	<p>The site is within 400m of one scheduled monument and sixteen grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?

SA Objective	Assessment Criteria - Does the site (EN007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	and villages and maintain and strengthen local distinctiveness and sense of place?		
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The proposal would be more than 2,250m from Marshes Hill Common (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on the landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Endon has scope to have a positive effect on the vitality and viability of Endon and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (EN007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 45 dwellings is considered to have a significant positive effect, as is the site's proximity to services and facilities. Similarly, the site's accessibility to health care and open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which is likely to have a significant negative effect, as could its location within a flood zone. The development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets and district ecological importance.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 8 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Endon and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (EN019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,750m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has mostly low biodiversity value overall in terms of area with the major aspect of interest being the significant bat potential in the one tree, which raises the value of the site to district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (EN019)...?.	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of eight grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	The proposal would be more than 1,750m from Marshes Hill Common (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (EN019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Endon has scope to have a positive effect on the vitality and viability of Endon and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			
The proposed delivery of circa 8 dwellings is considered to have a positive effect. Similarly, the site's accessibility to services, facilities and open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets and district ecological importance.

	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	Part of the site is located within a flood zone 2 area and, as such, it can be considered that the site would be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a negative effect on this objective.	-
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,250m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (EN030)...?.	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of one scheduled monument, one grade II* listed asset, seventeen grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The proposal would be more than 2,250m from Marshes Hill Common (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (EN030),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Endon has scope to have a positive effect on the vitality and viability of Endon and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			
The proposed delivery of circa 10 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to services, facilities is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land within flood zone 2 is assessed as having a negative effect, as is the site's proximity to historic assets.			

SA Objective	Assessment Criteria - Does the site (EN030)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (EN033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 400m of the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that the current supply of educational services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It should be noted</p>	+

SA Objective	Assessment Criteria - Does the site (EN033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 12 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Endon and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++

SA Objective	Assessment Criteria - Does the site (EN033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,500m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has mostly low biodiversity value overall in terms of area and is poorly connected to other more diverse habitats apart from two ponds less than 200m away to the east, which increases the sites ecological importance in terms of its loss within the wider countryside as district value. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

The Ecological Study (2015) notes that the site is directly adjacent to a housing estate and species poor grasslands, which reduces the value of the site as a whole to bats and other species of wildlife. The site also has mostly low biodiversity value overall in terms of area, but due to its assemblage of mature trees and wet areas with associated fauna the site is deemed as of district ecological importance in terms of its loss to the wider countryside. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall,	-/?

SA Objective	Assessment Criteria - Does the site (EN079)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one scheduled monument and seventeen grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The proposal would be more than 2,500m from Marshes Hill Common (LNR) and would not increase external pressures on these sites. Given	0

SA Objective	Assessment Criteria - Does the site (EN079)...?	Commentary on likely nature of effects of site allocation	Overall assessment
historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Endon has scope to have a positive effect on the vitality and viability of Endon and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (EN079)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 18 dwellings is considered to have a significant positive effect, as is the accessibility of services and facilities. Similarly, the site's accessibility to health care and open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which is likely to have a significant negative effect, as could its location within a flood zone. The development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets and district ecological importance.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (EN101)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<p>Does the site (EN101)...?</p> <ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 800m of the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that the current supply of educational services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p>+</p>
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 800m of a GP surgery. It should be noted</p>	<p>+</p>

SA Objective	Assessment Criteria - Does the site (EN101)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 54 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Endon and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (EN101)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,750m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site is directly adjacent to a housing estate and species poor grasslands, but is well connected to other more biodiverse habitats. The site also has mostly low biodiversity value overall in terms of area. However, the major aspects of interest are the significant bat roosting potential in the ten trees, connectivity to other more biodiverse habitats and the dry ditch that could support reptile populations which warrants the site being attributed regional ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall,	-/?

<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one scheduled monument, one grade II* listed asset and twenty three grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	The proposal would be more than 2,250m from Marshes Hill Common (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (EN125)...?	Commentary on likely nature of effects of site allocation	Overall assessment
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<p>of the natural environment identified in the NCA profiles?</p> <ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Endon has scope to have a positive effect on the vitality and viability of Endon and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p><b>Summary of overall assessment and likely significant effects:</b></p>			
<p>The proposed delivery of circa 14 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to health care and open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets.</p>			

SA Objective	Assessment Criteria - Does the site (EN125)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (EN126)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 400m of the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that the current supply of educational services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It should be noted</p>	+

SA Objective	Assessment Criteria - Does the site (EN126)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 12 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Endon and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++

SA Objective	Assessment Criteria - Does the site (EN126)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	Part of the site is located within a flood zone 3 area and, as such, it can be considered that the site would be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a significant negative effect on this objective.	--
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,500m from Marshes Hill Common (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has fairly poor biodiversity and has poor connectivity to the wider countryside. However, as the site has a number of trees with bat roosting potential and habitats that could support reptiles and terrestrial amphibians the site has been attributed district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (EN126)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one grade II listed asset. <b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a employment site with good access to the village centre of Endon has scope to have a positive effect on the vitality and viability of Endon and the wider District, as new employees could be expected to increase footfall. Overall, this has been assessed as having a significant positive effect on this Objective.</p>	++
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site and the proposed employment use of the site could be considered to have a positive effect on businesses and the residents of Endon as it could strengthen and diversify the economy. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The creation of new employment provision by the site could be expected to help meet the employment needs of people within the village and wider district . Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (EN024*)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The development of new employment premises should have a significant positive effect on the vitality and viability of the District, strengthen economic growth and support a higher level of employment within the District. Similarly, the site's accessibility to areas of open countryside, services and facilities and low ecological importance is likely to have a positive effect. However, the site is located within a flood zone which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets and district ecological importance.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.181**

**Ipstones**

**Potentially suitable sites (5+ dwellings) - within the Development Boundary**

**IP019**

SA Objective	Assessment Criteria - Does the site (IP019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (IP019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 400m of the village centre and the limited range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that Ipstones does not have a secondary school but that the current supply of educational services and facilities exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p>+</p>
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It should be noted</p>	<p>+</p>

SA Objective	Assessment Criteria - Does the site (IP019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities is currently adequate but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 35 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Ipstones and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++

SA Objective	Assessment Criteria - Does the site (IP019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 1,000m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that apart from roosting bats the site has little potential to support protected species and fairly poorly connected to the wider countryside, but their presence gives the site at least district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (IP019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of one grade II* listed asset and twenty seven grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 1,000m of Churnet Valley SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (IP019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Ipstones has scope to have a positive effect on the vitality and viability of Ipstones and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>

SA Objective	Assessment Criteria - Does the site (IP011)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 15 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to services and facilities and areas of existing employment is likely to have a positive effect. However, the development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the site's proximity to historic assets and district ecological importance.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>			

**Table 7.183**

**IP012A**

		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (IP012A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 400m of the village centre and the limited range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that Ipstones does not have a secondary school but that the current supply of educational services and facilities exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It should be noted</p>	+

SA Objective	Assessment Criteria - Does the site (IP012A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities is currently adequate but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 20 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Ipstones and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++

SA Objective	Assessment Criteria - Does the site (IP012A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 1,250m from Churnet Valley SSSI, the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that although the site has little potential to support a large variety of protected species and is fairly poorly connected to the wider countryside, the site is attributed district ecological importance due to a number of trees with potential to support roosting bats and a species rich hedgerow. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (IP012A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one grade II* listed asset and twenty four grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 1,250m of Churnet Valley SSSI and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (IP012A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Ipstones has scope to have a positive effect on the vitality and viability of Ipstones and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+

<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 800m of the village centre and the limited range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that Ipstones does not have a secondary school but that the current supply of educational services and facilities exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 800m of a GP surgery. It should be noted</p>	+

SA Objective	Assessment Criteria - Does the site (IP014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	that the current supply of health care services and facilities is currently adequate but is expected to be outstripped by future demand. Overall, this site has been assessed as having a positive effect on this Objective.	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 22 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 800m of the village centre of Ipstones and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (IP014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 400m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has low potential to support protected species as the habitats are species poor and poorly connected to other more biodiverse habitats, therefore the site is deemed as having low ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	--/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (IP014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 50m of two grade II listed assets and within 400m of eight grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the of these historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 400m of Churnet Valley SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--

SA Objective	Assessment Criteria - Does the site (IP014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Ipstones has scope to have a positive effect on the vitality and viability of Ipstones and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (IP014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 22 dwellings is considered to have a significant positive effect, as is the site's proximity to areas of existing employment. Similarly, the site's accessibility to health care and open space is likely to have a positive effect. However, the site is in proximity to a designated asset, Churnet Valley SSSI which is likely to have a significant negative effect, as could the site's proximity to listed assets. The development of greenfield, grade 4 ALC land is assessed as having a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 6 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Kingsley as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (KG059)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 1,000m from Churnet Valley SSSI and Frogghall Meadow and Pastures SSSI, the nearest designated assets, and, as such, is considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (KG059)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	<p>--/?</p>
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	<p>0</p>
<p><b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b></p>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 50m of one grade II listed assets and within 400m of eight grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the of these historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	<p>--/?</p>
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 1,000m of Churnet Valley SSSI and Froghall Meadow and Pastures SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>

SA Objective	Assessment Criteria - Does the site (KG059)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Ipstones has scope to have a positive effect on the vitality and viability of Ipstones and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (KG059)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		The proposed delivery of circa 6 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect. Similarly, the site's proximity to historic assets and the development of greenfield, grade 3 ALC land is likely to also have a significant negative effect. The site's proximity to designated assets is likely to have a negative effect.	
<b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b>			
Suitable / Not suitable

<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (KG019),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 750m from Churnet Valley SSSI and Frogghall Meadow and Pastures SSSI, the nearest designated assets, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has fairly low biodiversity value overall, the major aspects of interest being the bat potential in the tree and building which has elevated the sites overall potential importance to a district level in terms of its loss to the wider countryside. This is supported by general potential for supporting breeding birds and foraging bats in the scattered trees, hedgerows and to a lesser extent the tall ruderal vegetation. The HRA notes that no direct impacts upon the SPA are predicted from this	-/?

SA Objective	Assessment Criteria - Does the site (KG019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of eleven grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 750m of Churnet Valley SSSI and Frogghall Meadow and Pastures SSSI and could increase external pressures on	-

SA Objective	Assessment Criteria - Does the site (KG019),...?	Commentary on likely nature of effects of site allocation	Overall assessment
historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Ipstones has scope to have a positive effect on the vitality and viability of Ipstones and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--

SA Objective	Assessment Criteria - Does the site (KG019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 30 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect. Similarly, development of greenfield, grade 3 ALC land is likely to also have a significant negative effect. The site's proximity to designated and historic assets is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 1,250m from Churnet Valley SSSI, the nearest designated assets, and, as such, is not considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (KG026B)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	<p>--/?</p>
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	<p>0</p>
<p><b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b></p>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is more than 400m from a listed asset. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the of these historical heritage assets and their setting. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	<p>+/?</p>
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 1,250m of Churnet Valley SSSI and may not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p>+</p>

SA Objective	Assessment Criteria - Does the site (KG026B),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Ipstones has scope to have a positive effect on the vitality and viability of Ipstones and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (KG026B)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 50 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect. Similarly, development of greenfield, grade 3 ALC land is likely to also have a significant negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of three grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 1,250m of Churnet Valley SSSI and may not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (KG031),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Ipstones has scope to have a positive effect on the vitality and viability of Ipstones and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (KG031)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		The proposed delivery of circa 20 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect. Similarly, development of greenfield, grade 3 ALC land is likely to also have a significant negative effect. The site's proximity to historic assets is likely to have a negative effect.	
<b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b>			
Suitable / Not suitable

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (KG042)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located outside of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Kingsley does not have a secondary school but that the current supply of educational services and facilities exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Kingsley does not have a GP surgery and,</p>	+

SA Objective	Assessment Criteria - Does the site (KG042)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>Accordingly, the current supply of health care services and facilities is falls short of demand and the situation is expected to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 30 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Kingsley as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (KG042),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 750m from Froghall Meadow and Pastures SSSI, the nearest designated assets, and, as such, is considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>

<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 1,000m from Churnet Valley SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>

SA Objective	Assessment Criteria - Does the site (KG049A),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Ipstones has scope to have a positive effect on the vitality and viability of Ipstones and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (KG049A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 35 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect. Similarly, development of greenfield, grade 3 ALC land is likely to also have a significant negative effect. The site's proximity to designated and historic assets is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

Upper Tean

Potentially suitable sites (5+ dwellings) - within the Development Boundary

UT011/014

SA Objective	Assessment Criteria - Does the site (UT011/14)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			
1. To improve community cohesion and the quality of where people work and live.	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	The development of this site, a mixed brownfield and greenfield site that is within the settlement boundary, could help to improve the social and environmental quality of the village centre. Overall, this site has been assessed as having a positive effect on this Objective.	+
2. To advance equality of opportunity between all	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by</li> </ul>	The site is located on the edge of the village and is within 800m of the village centre and the limited range of services and facilities that can	0

SA Objective	Assessment Criteria - Does the site (UT011/14)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<p>people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</p> <ul style="list-style-type: none"> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>be found here that could serve prospective residents and employees of the site. It should be noted that Upper Tean does not have a secondary school but that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>The location of this site should provide residents and employees with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 800m of a GP surgery. It should be noted that the current supply of health care services and facilities currently falls short of demand and the situation is expected to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>4. To minimise opportunities for crime and reduce the fear of crime.</p>	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 20 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<p>6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Upper Tean and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (UT011/14)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	!/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	Part of the site is located within a flood zone 3 area and, as such, it can be considered that the site would be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a significant negative effect on this objective.	--
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> </ul>	The site is within 2,500m from Cecilly Brook (LNR), the nearest designated asset, and, as such, is not considered to have an effect on	-/?

SA Objective	Assessment Criteria - Does the site (UT011/14)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>plan's policies and proposals on European Sites and SSSIs</p>	<ul style="list-style-type: none"> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>this asset. The Ecological Study (2015) notes that the site has species poor habitats present on site, but good connectivity to the wider countryside and potential to support roosting bats, reptiles and terrestrial populations of amphibians, therefore the site is attributed district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on mixed brownfield and greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>The development of this brownfield and greenfield site could enable the re-use of existing buildings. Dependent on proposal specific information, there is scope that development could incorporate sustainable materials. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns</li> </ul>	<p>The site is within 400m of two grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?

SA Objective	Assessment Criteria - Does the site (UT011/14)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	and villages and maintain and strengthen local distinctiveness and sense of place?		
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be within 2,500m of Cecilly Brook (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Needwood & South Derbyshire Claylands National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Upper Tean has scope to have a positive effect on the vitality and viability of Upper Tean and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (UT011/14)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. <b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (UT012)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 800m of the village centre and the limited range of services and facilities that can be found here that could serve prospective residents and employees of the site. It should be noted that Upper Tean does not have a secondary school but that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents and employees with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It</p>	+

SA Objective	Assessment Criteria - Does the site (UT012)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>should be noted that the current supply of health care services and facilities currently falls short of demand and the situation is expected to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 50 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Upper Tean and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (UT012)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	Part of the site is located within a flood zone 3 area and, as such, it can be considered that the site would be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a significant negative effect on this objective.	--
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 2,500m from Cecilly Brook (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (UT012)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of two grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	The site would be within 2,500m of Cecilly Brook (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there would be effects on landscape character. Proposal specific information is required to assess the impact on the Needwood & South Derbyshire Claylands National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.	-

SA Objective	Assessment Criteria - Does the site (UT012)...?	Commentary on likely nature of effects of site allocation	Overall assessment
of the natural environment identified in the NCA profiles?	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Upper Tean has scope to have a positive effect on the vitality and viability of Upper Tean and the wider District, as new residents could be expected to increase footfall. **UT021**

SA Objective	Assessment Criteria - Does the site (UT021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (UT021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 400m of the village centre and the limited range of services and facilities that can be found here that could serve prospective residents and employees of the site. The site is in proximity of Greatwood Primary School. It should be noted that Upper Tean does not have a secondary school but that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents and employees with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 800m of a GP surgery. It</p>	+

SA Objective	Assessment Criteria - Does the site (UT021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>should be noted that the current supply of health care services and facilities currently falls short of demand and the situation is expected to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 20 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Upper Tean and 800m from a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (UT021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 3,250m from Cecilly Brook (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has low ecological value and is poorly connected to habitats within a rural landscape. However, the site has two trees with bat potential and a species rich hedgerow therefore is deemed to have district ecological importance overall. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (UT021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m from two grade II* listed assets and nine grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 3,250m of Cecilly Brook (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Needwood & South Derbyshire Claylands National Character Area.	+

SA Objective	Assessment Criteria - Does the site (UT021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>Overall, this site has been assessed as having a positive effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Upper Tean has scope to have a positive effect on the vitality and viability of Upper Tean and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (UT021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 20 dwellings is considered to have a significant positive effect, as could the site's accessibility to areas of existing employment. Similarly, the site's accessibility to services and facilities is likely to have a positive effect. However, the development of greenfield, grade 3 ALC land is likely to have a significant negative effect. The district ecological importance of the site and its proximity to historic assets is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 800m of the village centre and the limited range of services and facilities that can be found here that could serve prospective residents and employees of the site. It should be noted that Upper Tean does not have a secondary school but that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents and employees with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It</p>	+

SA Objective	Assessment Criteria - Does the site (UT023)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>should be noted that the current supply of health care services and facilities currently falls short of demand and the situation is expected to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 50 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Upper Tean and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (UT023)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	Part of the site is located within a flood zone 3 area and, as such, it can be considered that the site would be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a significant negative effect on this objective.	--
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 3,000m from Cecilly Brook (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site itself has habitats mainly of low biodiversity which are poorly connected to habitats within a rural landscape. However, the presence of a species rich hedgerow and two trees with potential to support roosting bats is considered to give the site district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (UT023)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m from one grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	<p>The site would be within 3,000m of Cecilly Brook (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Needwood &amp; South Derbyshire Claylands National Character Area.</p>	+

SA Objective	Assessment Criteria - Does the site (UT023)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	Overall, this site has been assessed as having a positive effect on this Objective.	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Upper Tean has scope to have a positive effect on the vitality and viability of Upper Tean and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (UT023)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 50 dwellings is considered to have a significant positive effect, as could the site's accessibility to areas of existing employment. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the development of greenfield, grade 3 ALC land is likely to have a significant negative effect, as could the site's location within a flood zone. The site's proximity to historic assets and district ecological importance is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 50 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Upper Tean and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (UT041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Cecilly Brook (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (UT041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m from two grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 2,000m of Cecilly Brook (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Needwood &amp; South Derbyshire Claylands National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (UT041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Upper Tean has scope to have a positive effect on the vitality and viability of Upper Tean and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (UT041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 50 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of existing employment and open space is likely to have a positive effect. However, the development of greenfield, grade 4 ALC land is likely to have a negative effect, as could the site's proximity to historic assets.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++

SA Objective	Assessment Criteria - Does the site (WA005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 750m from Caudon Railway Cutting SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has little potential to support protected species apart from foraging bats and badger and is fairly poorly connected to the wider countryside. However, the site is afforded a regional importance due to the relative rarity of semi-improved species rich grasslands. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (WA005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m from three grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 750m of Cauldon Railway Cutting SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the White Peak National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.	-

SA Objective	Assessment Criteria - Does the site (WA005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Waterhouses has scope to have a positive effect on the vitality and viability of Waterhouses and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (WA005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 40 dwellings is considered to have a significant positive effect, as is the site accessibility to areas of existing employment. Similarly, the site's accessibility to services and facilities is likely to have a positive effect. However, the site's proximity to a designated asset is likely to have a negative effect. The development of greenfield, grade 4 ALC land is likely to also have a negative effect, as could the site's proximity to historic assets.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (WA006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village and is within 400m of the village centre and the limited range of services and facilities that can be found here that could serve prospective residents and employees of the site. It should be noted that Waterhouses does not have a secondary school but that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents and employees with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It</p>	+

SA Objective	Assessment Criteria - Does the site (WA006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>should be noted that the current supply of health care services and facilities currently falls short of demand and the situation is expected to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 30 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Waterhouses and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	-/?

SA Objective	Assessment Criteria - Does the site (WR002),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	and villages and maintain and strengthen local distinctiveness and sense of place?		
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be within 1,750m of Churnet Valley SSSI and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Wetley Rocks has scope to have a positive effect on the vitality and viability of Wetley Rocks and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (WR002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 29 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space and low ecological importance of the site is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect, as could the site's proximity to designated and historic assets. The development of greenfield, grade 4 ALC land is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m from two grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 1,500m of Churnet Valley SSSI and would not increase external pressures on these sites. Given the location of	+

SA Objective	Assessment Criteria - Does the site (WR005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Wetley Rocks has scope to have a positive effect on the vitality and viability of Wetley Rocks and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (WR005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 13 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is likely to have a negative effect, as could the site's proximity to historic assets and district ecological importance.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (WR014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Wetley Rocks does not have a secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Wetley Rocks does not have a GP surgery.</p>	+

SA Objective	Assessment Criteria - Does the site (WR014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	Overall, this site has been assessed as having a positive effect on this Objective.	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 12 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Wetley Rocks as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (WR014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of a brownfield site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 1,750m from Churnet Valley SSSI, the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has fairly low potential to support protected species, and the site is fairly poorly connected to the wider countryside. However the two trees highlighted for bat roosting potential elevates the site to district importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (WR014A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. 	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>this site has been assessed as having a negative effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Werrington and Cellarhead has scope to have a positive effect on the vitality and viability of Werrington and Cellarhead and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--

SA Objective	Assessment Criteria - Does the site (WE018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 24 dwellings is considered to have a significant positive effect, as is the accessibility of services and facilities. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which would have a significant negative effect, as would the site's proximity to designated assets. Similarly, the site's proximity to historic assets is assessed as having a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (WE003)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located in the centre of the village and is within 400m of the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. The site is in proximity of Werrington Primary School. It should be noted that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 400m of a GP surgery. It should be noted</p>	+

SA Objective	Assessment Criteria - Does the site (WE003)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 85 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Werrington and Cellarhead and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++

SA Objective	Assessment Criteria - Does the site (WE003)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 600m from Wetley Moor SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has mostly low biodiversity value overall in terms of area, is directly adjacent to a housing estate and species poor grasslands. The site has some connectivity to more biodiverse adjacent habitats such as scattered trees, tall ruderal vegetation and hedgerows to the south and scattered scrub to the south east. The site is deemed as having district ecological importance in terms of its loss within the wider countryside due to the presence of species rich hedgerows and trees with bat roosting potential. The HRA notes that no direct impacts upon the SPA are predicted from this site.	--/?

SA Objective	Assessment Criteria - Does the site (WE003)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one grade II listed asset. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 600m from Wetley Moor SSSI and would increase external pressures on these sites. Given the location of the	-

However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (WE013)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 10 dwellings is considered to have a significant positive effect, as is the accessibility of services and facilities. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which would have a significant negative effect, as would the site's proximity to designated assets. Similarly, the development of greenfield, grade 4 ALC land and the site's proximity to historic assets is assessed as having a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.215**

**WE019**

SA Objective	Assessment Criteria - Does the site (WE019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (WE019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located in the centre of the village and is within 800m of the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. Similarly, the site is within 800m of a GP surgery. It should be noted</p>	+

SA Objective	Assessment Criteria - Does the site (WE019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 50 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Werrington and Cellarhead and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (WE019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 100m from Wetley Moor SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological study (2015) notes that the site itself has seven trees with bat potential, species rich hedgerow and a large area of tall ruderal vegetation connected to a series of other hedgerows and habitats. These features culminate in the assessment that the site is deemed as have district ecological importance in terms of its loss within the wider countryside. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (WE019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of one grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 100m from Wetley Moor SSSI and would increase external pressures on these sites. Given the location of the site, it is considered that there would be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall,	--

SA Objective	Assessment Criteria - Does the site (WE019)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>this site has been assessed as having a significant negative effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Werrington and Cellarhead has scope to have a positive effect on the vitality and viability of Werrington and Cellarhead and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. SA Objective	Assessment Criteria - Does the site (WE033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is set outside of the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located in the edge of the village boundary and is more than 2,000m from the village centre and the range of services and facilities that can be found here that could serve prospective residents of the site. It should be noted that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. However, the site is more than 2,000m from a GP surgery. It should</p>	<p>-</p>

SA Objective	Assessment Criteria - Does the site (WE033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>be noted that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a negative effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 60 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is more than 2,000m from the village centre of Werrington and Cellarhead and a GP surgery, but is adjacent to an area of open space. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. Similarly, the site is more than 2,000m from the village centre and could increase the need to travel. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--

SA Objective	Assessment Criteria - Does the site (WE033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	<p>The outcome of this assessment could be dependent on implementation and site specific detail. It should be noted that the site is within 350m from a candidate AQMA. Overall, this site has been assessed as having an negative effect on this Objective.</p>	-
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	<p>As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.</p>	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>The site is more than 1,750m from Wetley Moor SSSI, the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological study (2015) notes that the site has mostly low biodiversity value overall in terms of area and is directly adjacent to a small housing estate and species poor grasslands. The site does have some good connectivity to a pond which increases chance of the site support terrestrial populations of amphibians and reptiles. The site is therefore deemed as having district ecological importance in terms of its potential loss within the wider countryside. The HRA notes that</p>	-/?

SA Objective	Assessment Criteria - Does the site (WE033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources, and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of three grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (WE033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>Deliver development that maximises re-use of brownfield land?</li> <li>Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>The site would be more than 1,750m from Wetley Moor SSSI and would not increase external pressures on these sites. Given the location of the site, it is considered that there would be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site has scope to have a positive effect on the vitality and viability of Werrington and Cellarhead and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> </ul>	<p>The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site</p>	--

SA Objective	Assessment Criteria - Does the site (WE033)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	has been assessed as having a significant negative effect on this Objective.	
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 60 dwellings is considered to have a significant positive effect. However, the site is inaccessible to areas of existing employment which would have a significant negative effect. Similarly, the site's inaccessibility to services and facilities and areas of open space is likely to have a negative effect. Also, the site's district ecological importance is likely to have a negative effect, as could the development of greenfield, grade 4 ALC land and the site's proximity to historic assets is assessed as having a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

SA Objective	Assessment Criteria - Does the site (WE041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 22 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Werrington and Cellarhead and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 1,000m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (WE041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 100m of Wetley Moor SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site itself has mostly low biodiversity value overall with fairly good connectivity to Wetley Moor SSSI and is deemed as having Regional ecological importance in terms of its loss within the wider countryside due to its proximity to the SSSI. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (WE041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of one grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	--/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 100m from Wetley Moor SSSI and would increase external pressures on these sites. Given the location of the site, it is considered that there would be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this	--

SA Objective	Assessment Criteria - Does the site (WE041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>site has been assessed as having a significant negative effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Werrington and Cellarhead has scope to have a positive effect on the vitality and viability of Werrington and Cellarhead and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--

SA Objective	Assessment Criteria - Does the site (WE041)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 22 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to services and facilities and areas of open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which would have a significant negative effect, as would the site's proximity to designated and historic assets. Similarly, the development of greenfield, grade 4 ALC land is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 800m of the village centre of Werrington and Cellarhead and a GP surgery as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (WE053)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 700m of Wetley Moor SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has mostly low biodiversity value overall in terms of area, is directly adjacent to a small housing estate and species poor grasslands, and has poor connectivity to more biodiverse habitats. The site is therefore deemed as having low ecological importance in terms of its loss within the wider countryside. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (WE053)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of one grade II listed asset. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	--/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 700m from Wetley Moor SSSI and would increase external pressures on these sites. Given the location of the site, it is considered that there would be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall,	-

SA Objective	Assessment Criteria - Does the site (WE053)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>this site has been assessed as having a negative effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Werrington and Cellarhead has scope to have a positive effect on the vitality and viability of Werrington and Cellarhead and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--

SA Objective	Assessment Criteria - Does the site (WE053)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 15 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to services and facilities and areas of open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which would have a significant negative effect, as would the site's proximity to historic assets. The site's proximity to designated assets is likely to have a negative effect, as could the development of greenfield, grade 4 ALC land.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 900m of Wetley Moor SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (WE070)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of two grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 900m from Wetley Moor SSSI and would increase external pressures on these sites. Given the location of the site, it is considered that there would be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (WE070)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Werrington and Cellarhead has scope to have a positive effect on the vitality and viability of Werrington and Cellarhead and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing areas of employment within the village or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (WE070)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 12 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to services and facilities and areas of open space is likely to have a positive effect. However, the site is inaccessible to areas of existing employment which would have a significant negative effect. The site's proximity to designated and historic assets is likely to have a negative effect, as could the development of greenfield, grade 4 ALC land.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of three grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of the setting of these historical heritage assets. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be more than 2,000m from Churnet Valley SSSI and Witley Rocks SSSI and would not increase external pressures on these sites. Given the location of the site, it is considered that there would be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (WE2)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed employment use of this site provides scope for the development of this site to have a positive effect on investment in culture and tourism within the town and wider district, however this is dependent on proposal specific information. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of an employment site within the village centre has the scope to have a positive effect on the vitality and viability of Werrington and Cellarhead and the wider District, as new employment could be expected to increase footfall in the nearby village centre. Overall, this site has been assessed as having a significant positive effect on this objective.	++
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site and the proposed employment use of the site could be considered to have a positive effect on businesses and the residents of Werrington and Cellarhead as it could strengthen and diversify the economy. Overall, this has been assessed as having a significant positive effect on this Objective.	++
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m from existing local employment provision but the site would generate new employment provision. Overall, this site has been assessed as having a significant positive effect on this objective.	++
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (WE2)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The development of new employment premises should have a significant positive effect on the vitality and viability of the District, strengthen economic growth and support a higher level of employment within the District. Similarly, the site's low ecological importance is likely to have a positive effect. However, the remote nature of the site is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is assessed as having a negative effect, as is the proximity to historic assets and distance away from services and facilities and areas of open space.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (WE3)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is remote from the settlement boundary, could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	<p>--</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village boundary and is more than 2,000m from the village centre and the range of services and facilities that can be found here that could serve prospective employees of the site. It should be noted that the current supply of educational services and facilities currently exceeds demand and is expected to do so for the foreseeable future. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide employees with good access to areas of open space which should help to support healthy lifestyles. However, the site is more than 2,000m from a GP surgery. It should</p>	<p>-</p>

SA Objective	Assessment Criteria - Does the site (WE3)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Help to reduce health inequalities?</li> <li>Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>be noted that the current supply of health care services and facilities currently falls short of demand and the situation is likely to worsen in the future. Overall, this site has been assessed as having a negative effect on this Objective.</p>	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>Deliver development that reduces actual levels of crime?</li> <li>Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>This site has been proposed for employment uses with regards to this assessment. Therefore the development would provide no housing. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>Support the use of public transport?</li> <li>Support safe walking and cycling?</li> <li>Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is more than 2,000m from the village centre of Werrington and Cellarhead and a GP surgery, but is adjacent to an area of open space. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. Similarly, the site is more than 2,000m from the village centre and could increase the need to travel. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--

SA Objective	Assessment Criteria - Does the site (WE3)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Wetley Rocks SSSI and Churnet Valley SSSI, the nearest designated assets, and, as such, is not considered to have an effect on this asset. The Ecological study (2015) notes that the site has species poor habitats present on site, but is attributed district importance due to the potential of two trees to support roosting bats. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (WE3)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. 12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural</li> </ul>	The site is within 400m from ten grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets	-/?

SA Objective	Assessment Criteria - Does the site (BG008)...?	Commentary on likely nature of effects of site allocation	Overall assessment
archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>and historic heritage assets (designated and undesignated assets) along with their settings? Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>Deliver development that maximises re-use of brownfield land?</li> <li>Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 1,500m of Bagnall Road Wood (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Bagnall has scope to have a positive effect on the vitality and viability of Bagnall and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (BG008),...?	Commentary on likely nature of effects of site allocation	Overall assessment
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 10 dwellings is considered to have a significant positive effect, as could the site's accessibility to areas of existing employment. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities which is likely to have a significant negative effect, as could the site's proximity to historic assets. The development of greenfield, grade 4 ALC land and the district ecological importance of the site is likely to also have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside of the settlement boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Bagnall does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--

SA Objective	Assessment Criteria - Does the site (BG014)...?	Commentary on likely nature of effects of site allocation	Overall assessment
3. To improve health and reduce health inequalities.	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Bagnall does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 10 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Bagnall as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			

SA Objective	Assessment Criteria - Does the site (BG014)...?	Commentary on likely nature of effects of site allocation	Overall assessment
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>Offer opportunities to increase energy efficiency?</li> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	<p>The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	<p>The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.</p>	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	<p>As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.</p>	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>The site is more than 1,250m from Bagnall Road Wood (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site itself has three trees with bat potential which forms the main biodiversity interest, and is fairly poorly connected to other biodiverse habitats within the locality, and due to the BPT's is designated as having at least district importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been</p>	-/?

SA Objective	Assessment Criteria - Does the site (BG014),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. SA Objective	Assessment Criteria - Does the site (BL006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (BL006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside of the settlement boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Blackshaw Moor does not have a secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Blackshaw Moor does not have a GP surgery.</p>	+

SA Objective	Assessment Criteria - Does the site (BL006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	Overall, this site has been assessed as having a positive effect on this Objective.	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 12 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Blackshaw Moor as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (BL006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 1,250m from Thornclyffe Moor SSSI, the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has potential for protected species to be present due to the buildings present on site and has been deemed to have district ecological importance despite fairly poor connectivity to the wider countryside. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (BL006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is more than 400m from any listed assets. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	The site would be more than 1,250m of Thorncliffe Moor SSSI and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the South West Peak National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (BL006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Blackshaw Moor has scope to have a positive effect on the vitality and viability of Blackshaw Moor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (BL006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 12 dwellings is considered to have a significant positive effect, as could the site's accessibility to areas of existing employment. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land and the district ecological importance of the site is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 10 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Caverswall as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (CV005)...??	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Coyney Woods (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site contains fairly species poor habitats and common species, although it is fairly well connected to the wider countryside. As two buildings are present with the potential to support roosting bats the site is deemed to have district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (CV005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of one grade II listed asset and 400m from one grade II* listed asset and fourteen grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 2,000m from Coyney Woods (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character	+

SA Objective	Assessment Criteria - Does the site (CV005)...?.	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Caverswall has scope to have a positive effect on the vitality and viability of Caverswall and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (CV005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>he proposed delivery of circa 10 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect, as could the development of greenfield, grade 3 ALC land and the site's proximity to historic assets. The district ecological importance of the site is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 2,000m from Coyney Woods (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site contains fairly species poor habitats and diversity although is well connected from the western boundary to the wider countryside through an area of semi-natural broadleaved woodland. The site is deemed to have district ecological importance due to its good connectivity to the wider countryside and the potential to support polecat populations. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (CV006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of one grade II listed asset and 400m from one grade II* listed asset and fourteen grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 2,000m from Coyney Woods (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character	+

SA Objective	Assessment Criteria - Does the site (CV006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Deliver development that maximises re-use of brownfield land?</li> <li>Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Caverswall has scope to have a positive effect on the vitality and viability of Caverswall and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (CV006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>18. To encourage and support a high and stable level of employment</p>	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	<p>--</p>
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 8 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect, as could the development of greenfield, grade 3 ALC land and the site's proximity to historic assets. The district ecological importance of the site is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 1,500m of Coyney Woods (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site itself has nine trees with bat potential and two species rich hedgerows which are fairly poorly connected to the wider countryside and therefore the site is deemed to have at least district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (CL007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m from one grade II listed asset. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 1,500m from Coyney Woods (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (CL007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Cookhill has scope to have a positive effect on the vitality and viability of Cookhill and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (CL007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 30 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect, as could the development of greenfield, grade 3 ALC land. The district ecological importance of the site and its proximity to historic assets is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.237**

		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (CK007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site that is outside the settlement boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Checkley does not have a secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Checkley does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (CK007),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 6 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Checkley as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (CK007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 4.500m from Cecilly Brook (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has very low biodiversity value overall in terms of area, is adjacent to a main road to the south and farm buildings to the east, dwellings to the west and species poor grasslands to the north with poor connectivity. Therefore the site is considered to have low ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?

<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m from one scheduled monument, one grade I listed asset and eight grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 4,500m from Cecilly Brook (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be limited effects on landscape character. Proposal specific information is required to assess the impact on the Needwood and South Derbyshire Claylands National	+

SA Objective	Assessment Criteria - Does the site (CK008)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>Character Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Checkley has scope to have a positive effect on the vitality and viability of Checkley and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (CK008),...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 7 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space and low ecological value is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect, as could the development of greenfield, grade 3 ALC land. The site's proximity to historic assets is likely to have a negative effect.</p>			
<p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<p>persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<p>people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</p> <ul style="list-style-type: none"> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>needs of the community. It should be noted that Dilhorne does not have a secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Dilhorne does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>4. To minimise opportunities for crime and reduce the fear of crime.</p>	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 20 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.</p>	++
<p>6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Dilhorne as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (DL004)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> </ul>	The site is more than 4,500m from Cecilly Brook (LNR) and Churnet Valley SSSI, the nearest designated assets, and, as such, is not	+/?

SA Objective	Assessment Criteria - Does the site (DL004)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>plan's policies and proposals on European Sites and SSSIs</p>	<ul style="list-style-type: none"> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. <b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Dilhorne has scope to have a positive effect on the vitality and viability of Dilhorne and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (DL013)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 6 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space and distance from designated assets is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect, as could the site's proximity to historic assets. The development of greenfield, grade 4 ALC land is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (DL018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Dilhorne does not have a secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Dilhorne does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (DL018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 7 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Dilhorne as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (DL018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 4.500m from Cecilly Brook (LNR) and Churnet Valley SSSI, the nearest designated assets, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has potential for protected species to be present due to proximity of ponds and wetland habitats and the good connectivity to these potentially biodiverse habitats and the wider countryside. Therefore the site is deemed having at least district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (DL018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of one grade II listed asset and within 400m from one grade II* listed asset and ten grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 4,500m from Cecilly Brook (LNR) and Churnet Valley SSSI and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley	+

SA Objective	Assessment Criteria - Does the site (DL018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Dilhorne has scope to have a positive effect on the vitality and viability of Dilhorne and the wider District, as new residents could be expected to increase footfall. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership,</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Draycott does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	<p>--</p>

SA Objective	Assessment Criteria - Does the site (DC003),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<p>pregnancy / maternity, race, religion / belief, sex and sexual orientation?</p> <ul style="list-style-type: none"> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>		
3. To improve health and reduce health inequalities.	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Draycott does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.	+
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 10 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Draycott as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			

SA Objective	Assessment Criteria - Does the site (DC003)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> </ul>	The site is more than 4,000m from Cecilly Brook (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site itself has species poor grassland, a small semi-natural broadleaved woodland connected to a pond to the north and further woodland and scrub within	-/?

	<ul style="list-style-type: none"> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>a rural landscape, which has been deemed to have district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	--/?
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 50m from one grade II listed asset and within 400m from one grade II* listed asset and three grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	--/?

SA Objective	Assessment Criteria - Does the site (DC003)...?	Commentary on likely nature of effects of site allocation	Overall assessment
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>Deliver development that maximises re-use of brownfield land?</li> <li>Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 4,000m from Cecilly Brook (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Needwood and South Derbyshire Claylands National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Draycott has scope to have a positive effect on the vitality and viability of Draycott and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (DC003),...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 10 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect, as could the site's proximity to historic assets and development of greenfield, grade 3 ALC land. The site's district ecological importance is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<p>5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 7 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<p>6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Hollington as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (HO002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> </ul>	The site is more than 3,500m from Dimmings Dale and The Ranger SSSI and Salfersford Lane Meadows SSSI, the nearest designated	+/?

SA Objective	Assessment Criteria - Does the site (HO002),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>plan's policies and proposals on European Sites and SSSIs</p>	<ul style="list-style-type: none"> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>assets, and, as such, is not considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 50m of one grade II listed asset and within 400m from five grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.</p>	--/?

SA Objective	Assessment Criteria - Does the site (HO002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>Deliver development that maximises re-use of brownfield land?</li> <li>Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 3,500m from Dimmings Dale and The Ranger SSSI and Salfersford Lane Meadows SSSI and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Hollington has scope to have a positive effect on the vitality and viability of Hollington and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (HO002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 7 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space and location away from designated assets is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment, both of which is likely to have a significant negative effect, as could the site's proximity to historic assets. The development of greenfield, grade 4 ALC land is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 750m of Hulme Quarry SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (HU002),...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on brownfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a positive effect on this Objective.	+
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	The development of this brownfield site could enable the re-use of existing buildings within the village centre. Dependent on proposal specific information, there is scope that development could incorporate sustainable materials. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is more than 400m from any listed assets. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of these historical heritage assets and their setting. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	The site would be within 750m from Hulme Quarry SSSI and would increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (HU002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Hulme has scope to have a positive effect on the vitality and viability of Hulme and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (HU002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 5 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space, areas of existing employment and location away from historic assets is likely to have a positive effect, as could the development of brownfield land. However, the site is inaccessible to services and facilities which is likely to have a significant negative effect, as could the site's proximity to designated assets.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.248****Kingsley Holt****Potentially suitable sites (5+ dwellings) - within the Infill Boundary****KH018**

		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (KH018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site within the development boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Kingsley Holt does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Kingsley Holt does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (KH018),...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 8 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Kingsley Holt as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (KH018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 500m of Froghall Meadow and Pastures SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has mostly low biodiversity value overall in terms of area, is adjacent to a main road to the west with buildings and species poor grasslands, and has poor connectivity to the wider countryside. The site is deemed as having district importance due to the presence of species rich hedgerows and a tree with bat roosting potential. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?

However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a positive effect on this Objective.	+
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	The development of this brownfield site could enable the re-use of existing buildings within the village centre. Dependent on proposal specific information, there is scope that development could incorporate sustainable materials. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is more than 400m from any listed assets. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 500m from Frogghall Meadow and Pastures SSSI and would increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character	-

SA Objective	Assessment Criteria - Does the site (KH009)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	<p>Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Kingsley Holt has scope to have a positive effect on the vitality and viability of Kingsley Holt and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (KH009)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 1,000m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a positive effect on this Objective.	+
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 9 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space and areas of existing employment is likely to have a positive effect, as could its location away from historic assets and the development of brownfield land. However, the site is inaccessible to services and facilities which is likely to have a significant negative effect, as could the site's proximity to designated assets.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

SA Objective	Assessment Criteria - Does the site (ADD07)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (ADD07)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site outside of the development boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Kingsley Holt does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Kingsley Holt does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (ADD07)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the location and size of the site, it is considered that the site could accommodate circa 52 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Kingsley Holt as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (ADD07)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 600m of Froghall Meadow and Pastures SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (ADD07)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	+
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m one grade II listed asset. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. <b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Leekbrook has scope to have a positive effect on the vitality and viability of Leekbrook and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++

SA Objective	Assessment Criteria - Does the site (LB006)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The site's accessibility to areas of existing employment is likely to have a significant positive effect. Similarly, the proposed delivery of circa 6 dwellings is considered to have a positive effect, as could the site's accessibility to areas of open space and its location away from designated and historic assets. However, the site is inaccessible to services and facilities which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>			

Table 7.252

SA Objective	Assessment Criteria - Does the site (LB011)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (LB011)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site outside the development boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Leekbrook does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Leekbrook does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (LB011)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 6 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Leekbrook as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (LB011)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	Part of the site is located within a flood zone 2 area and, as such, it can be considered that the site would be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to an increased water demand within the District. Overall, this site has been assessed as having a negative effect on this objective, however the exact effects are uncertain.	-
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 1,750m of Ladderedge Country Park (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (LB011)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is more than 400m from any listed assets. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	+/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 1,750m from Ladderedge Country Park (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (LB011)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<p>of the natural environment identified in the NCA profiles?</p> <ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	<p>The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. SA Objective	Assessment Criteria - Does the site (LO002)...?.	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site within the development boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Longsdon does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Longsdon does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (L0002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 10 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Longsdon as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (L0002)...??	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 400m of Ladderedge Country Park (LNR), the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has low potential to support protected species, and the site is fairly poorly connected to the wider countryside, though is given district ecological value due to the presence of two trees with potential to support roosting bats. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (L0002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m one grade II* listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 400m from Ladderedge Country Park (LNR) and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (LO002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Longsdon has scope to have a positive effect on the vitality and viability of Longsdon and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--

SA Objective	Assessment Criteria - Does the site (LO002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 10 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is likely to have a negative effect, as could the site's proximity to designated and historic assets.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 13 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Longsdon as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (L0021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. The development could also be expected to lead to increased water demand within the District. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 400m of Ladderedge Country Park (LNR), the nearest designated asset, and, as such, is considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (LO021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m one grade II* listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would be within 400m from Ladderedge Country Park (LNR) and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-

SA Objective	Assessment Criteria - Does the site (LO021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Longsdon has scope to have a positive effect on the vitality and viability of Longsdon and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--

SA Objective	Assessment Criteria - Does the site (L0021)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 13 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which is likely to have a significant negative effect. The development of greenfield, grade 4 ALC land is likely to have a negative effect, as could the site's proximity to designated and historic assets.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	<p>The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.</p>	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	<p>As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.</p>	+
		<b>Biodiversity, Flora and Fauna</b>	
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>The site is more than 3,500m from Cecilly Brook (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has mostly low biodiversity value overall in terms of area, is adjacent to a main road to the south and farm buildings to the east and species poor grasslands to the north and west, but has good connectivity to the wider countryside through networks of species rich hedgerows. The presence of a species rich hedgerow constitutes the site being considered to</p>	-/?

SA Objective	Assessment Criteria - Does the site (LT002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		have district ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 3 ALC land so development of this site could result in the loss of best and most versatile land. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	--/?
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of two grade II listed assets and within 400m of one scheduled monument and seven grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	--/?

SA Objective	Assessment Criteria - Does the site (LT002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 3,500m from Cecilly Brook (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Needwood and South Derbyshire Claylands National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Lower Tean has scope to have a positive effect on the vitality and viability of Lower Tean and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (LT002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,000m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a negative effect on this Objective.	-
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 6 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities which is likely to have a significant negative effect, as could the development of greenfield, grade 3 ALC land and proximity to historic assets. The site's proximity to designated assets and the inaccessibility of existing employment are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of six grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be within 800m of Bath Pasture SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.	-

SA Objective	Assessment Criteria - Does the site (OA016)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Oakamoor has scope to have a positive effect on the vitality and viability of Oakamoor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (OA016)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 9 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which are likely to have a significant negative effect. The site's proximity to designated and historic assets and the development of greenfield, grade 4 ALC land are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (OA030)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site outside the infill boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Oakamoor does not have a secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Oakamoor does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (OA030)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 23 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Oakamoor as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (OA030)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 900m of Bath Pasture SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has high potential biodiversity and very good connectivity to the wider countryside through broadleaved woodland to the north. The area has high biodiversity value, especially the unimproved calcareous grassland. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Oakamoor has scope to have a positive effect on the vitality and viability of Oakamoor and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (OA031)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 20 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which are likely to have a significant negative effect. The site's proximity to designated and historic assets and the development of greenfield, grade 4 ALC land are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.263****Rudyard****Potentially suitable sites (5+ dwellings) - within Green Belt****RU016**

SA Objective	Assessment Criteria - Does the site (RU016)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (RU016)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site outside the development boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Rudyard does not have a secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Rudyard does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (RU016)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 13 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Rudyard as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (RU016)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 3,000m from Brough Park (LNR), the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has potential for protected species to be present due to the mosaic of habitats and habitat structure present, especially as the site is well connected to the wider countryside. Therefore is not recommended for potential development as the site is considered to have regional ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (RU016),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	There are no listed assets within 400m of the site. Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 3,000m from Brough Park (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (RU016)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Similarly, the site is located within the Churnet Valley Area as an area for sustainable tourism and rural regeneration. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. SA Objective	Assessment Criteria - Does the site (RS005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>SOCIAL</b>			
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site within the development boundary could be expected to have an effect on the Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	<p>-</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership,</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Rushton Spencer does not have a secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	<p>--</p>

SA Objective	Assessment Criteria - Does the site (RS005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<p>pregnancy / maternity, race, religion / belief, sex and sexual orientation?</p> <ul style="list-style-type: none"> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>		
3. To improve health and reduce health inequalities.	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Rushton Spencer does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	<p>This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	<p>Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 7 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	<p>As noted previously, the site is within 400m of the village centre of Rushton Spencer as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+
<b>ENVIRONMENTAL</b>			

SA Objective	Assessment Criteria - Does the site (RS005)...?.	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> </ul>	The site is more than 4,500m from Peak District Moors (South Pennine Moors Phase 1) SPA, the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site generally has poor biodiversity and has poor connectivity to the wider countryside, but despite this is deemed to	-/?

SA Objective	Assessment Criteria - Does the site (RS005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	<p>have district ecological importance due to the presence of a potential bat roost within one of the trees. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	
<b>Soil and Material Assets</b>			
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is within 400m of two grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.</p>	-/?

SA Objective	Assessment Criteria - Does the site (RS005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>Deliver development that maximises re-use of brownfield land?</li> <li>Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 4,500m from Peak District Moors (South Pennine Moors Phase 1) SPA and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the South West Peak National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Rushton Spencer has scope to have a positive effect on the vitality and viability of Rushton Spencer and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (RS005)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 7 dwellings is considered to have a positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which are likely to have a significant negative effect. The site's proximity to historic assets, the district ecological importance of the site and the development of greenfield, grade 4 ALC land are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

SA Objective	Assessment Criteria - Does the site (RS007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>	Overall, this site has been assessed as having a positive effect on this Objective.	
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 26 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Rushton Spencer as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (RS007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 4,500m from Peak District Moors (South Pennine Moors Phase 1) SPA, the nearest designated asset, and, as such, is not considered to have an effect on this asset. The Ecological Study (2015) notes that the site has potential for protected species to be present due to proximity of the wet habitat communities, under refugia and potentially using the area as a basking opportunity. The site is also well connected to more biodiverse habitats within the wider countryside and overall the site is deemed to have regional ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (RS007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of four grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site would be more than 4,500m from Peak District Moors (South Pennine Moors Phase 1) SPA and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the South West Peak	+

SA Objective	Assessment Criteria - Does the site (RS007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Rushton Spencer has scope to have a positive effect on the vitality and viability of Rushton Spencer and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0

SA Objective	Assessment Criteria - Does the site (RS007)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 26 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which are likely to have a significant negative effect. The site's proximity to historic assets, the district ecological importance of the site and the development of greenfield, grade 4 ALC land are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

Dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of historical heritage assets</p>	+/?

SA Objective	Assessment Criteria - Does the site (SB014)...?	Commentary on likely nature of effects of site allocation	Overall assessment
archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>and historic heritage assets (designated and undesignated assets) along with their settings? Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	and their setting. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>Deliver development that maximises re-use of brownfield land?</li> <li>Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	The site would be more than 2,000m from Bagnall Road Wood (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Stockton Brook has scope to have a positive effect on the vitality and viability of Stockton Brook and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (SB014)...?	Commentary on likely nature of effects of site allocation	Overall assessment
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	<p>The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 10 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space and location away from historic assets are likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which are likely to have a significant negative effect. The site's district ecological importance and the development of greenfield, grade 4 ALC land are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of five grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	The site would be within 2,000m from Bagnall Road Wood (LNR) and would not increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (ADD08)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Stockton Brook has scope to have a positive effect on the vitality and viability of Stockton Brook and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is over 1,500m to existing areas of employment within the town or District and, as such, would fail to provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (ADD08)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The proposed delivery of circa 40 dwellings is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space and location away from designated assets are likely to have a positive effect. However, the site is inaccessible to services and facilities and areas of existing employment which are likely to have a significant negative effect. The site's proximity to historic assets and district ecological importance are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>	

**Table 7.272**

**Whiston**

**Potentially suitable sites (5+ dwellings) - outside the infill boundary**

**WH002**

		<b>SOCIAL</b>	

SA Objective	Assessment Criteria - Does the site (WH002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a mixed brownfield and greenfield site outside of the development boundary could help to improve the social and environmental quality of the village centre. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p style="text-align: center;">+</p>
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Whiston does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	<p style="text-align: center;">--</p>
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Whiston does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	<p style="text-align: center;">+</p>

SA Objective	Assessment Criteria - Does the site (WH002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 10 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Whiston as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (WH002)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>Offer opportunities to increase the use of renewable energy?</li> <li>Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>Offer opportunities to minimise emissions of airborne pollutants?</li> <li>Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>Deliver development directed towards areas of least flood risk?</li> <li>Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 500m from Churnet Valley SSSI, the nearest designated asset, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has high potential biodiversity and fairly good connectivity to the wider countryside through the broadleaved woodland to the north. Therefore the site is attributed regional ecological importance. The site should also be resurveyed to quantify whether it qualifies for SBI status. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?

SA Objective	Assessment Criteria - Does the site (WH002),...?	Commentary on likely nature of effects of site allocation	Overall assessment
<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on mixed brownfield and greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a neutral effect on this Objective.	0
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	The development of this brownfield site could enable the re-use of existing buildings within the village. Dependent on proposal specific information, there is scope that development could incorporate sustainable materials. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 50m of one grade II listed asset and within 400m of six grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a significant negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site is within 500m from Churnet Valley SSSI and could increase external pressures on these sites. <b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	<p>The proposed development of a residential site with good access to the village centre of Whiston has scope to have a positive effect on the vitality and viability of Whiston and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.</p>	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	<p>The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0

SA Objective	Assessment Criteria - Does the site (WH009A)...?	Commentary on likely nature of effects of site allocation	Overall assessment
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<p><b>Summary of overall assessment and likely significant effects:</b></p> <p>The proposed delivery of circa 15 dwellings and proximity to areas of existing employment is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space is likely to have a positive effect. However, the site is inaccessible to services and facilities which is likely to have a significant negative effect. The site's proximity to designated and historic assets and the development of greenfield, grade 4 ALC land are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

<b>SOCIAL</b>			

SA Objective	Assessment Criteria - Does the site (WH015)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site outside of the development boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Whiston does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Whiston does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (WH015)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 6 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Whiston as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (WH015)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 750m from Churnet Valley SSSI, Froghall Meadow and Pastures SSSI and Whiston Eaves SSSI, the nearest designated assets, and, as such, is considered to have an effect on this asset. The Ecological Study (2015) notes that the site has mostly low biodiversity value overall in terms of area, is adjacent to a road to the west and buildings to the north and species poor grasslands but has good connectivity to the wider countryside through networks of hedgerows. The site also has low potential to support protected species therefore has been attributed low ecological importance. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this	-/?

<b>Soil and Material Assets</b>			
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of six grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> </ul>	The site is within 750m from Churnet Valley SSSI, Froghall Meadow and Pastures SSSI and Whiston Eaves SSSI and could increase	-

SA Objective	Assessment Criteria - Does the site (WH015)...?	Commentary on likely nature of effects of site allocation	Overall assessment
historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement of the natural environment identified in the NCA profiles?</li> </ul>	external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.	
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. SA Objective	Assessment Criteria - Does the site (WH018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>1. To improve community cohesion and the quality of where people work and live.</p>	<ul style="list-style-type: none"> <li>● Make a positive contribution towards community cohesion?</li> <li>● Offer opportunity to improve neighbourhood quality?</li> <li>● Offer opportunity to provide open space and support Green Infrastructure?</li> <li>● Risk unacceptable light and noise pollution?</li> <li>● Offer opportunity to ensure that occupiers of buildings and spaces have sufficient natural light and appropriate levels of privacy?</li> </ul>	<p>The development of this site, a greenfield site outside of the development boundary could be expected to have an effect on Green Infrastructure and environmental quality. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>2. To advance equality of opportunity between all persons and eliminate social exclusion by improving access to jobs, services and facilities.</p>	<ul style="list-style-type: none"> <li>● Deliver development that is likely to help remove or minimise any disadvantages suffered by people due to their age, disability, gender reassignment, marriage / civil partnership, pregnancy / maternity, race, religion / belief, sex and sexual orientation?</li> <li>● Help to minimise the distance people need to travel to access education, employment, shopping and other key services and facilities.</li> </ul>	<p>The site is located on the edge of the village, it is within 400m of the village centre but has insufficient services and facilities to meet the needs of the community. It should be noted that Whiston does not have a primary or secondary school. Overall, this site has been assessed as having a significant negative effect on this Objective.</p>	--
<p>3. To improve health and reduce health inequalities.</p>	<ul style="list-style-type: none"> <li>● Help improve health or access to health facilities?</li> <li>● Help promote healthy lifestyles?</li> </ul>	<p>The location of this site should provide residents with good access to areas of open space which should help to support healthy lifestyles. It should be noted that Whiston does not have a GP surgery. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (WH018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Help to reduce health inequalities?</li> <li>● Offer opportunities to participate in leisure and recreational activities including access to the countryside?</li> </ul>		
4. To minimise opportunities for crime and reduce the fear of crime.	<ul style="list-style-type: none"> <li>● Deliver development that reduces actual levels of crime?</li> <li>● Deliver development that helps to reduce fear of crime?</li> </ul>	This site is difficult to assess against this objective without proposal specific information. However, it can be considered that new development would include aspects of good design which would help to minimise crime and the fear of crime. Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	Based on the SHLAA (2015) assessment of this site, it is considered that the site could accommodate circa 5 dwellings and therefore also provide a quantum of affordable housing on site. Overall, this site has been assessed as having a positive effect on this Objective.	+
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 400m of the village centre of Whiston as well as being adjacent to an area of open space which should reduce the need to travel within the village. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 400m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (WH018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	As the site is located outside of a flood zone 2 or 3 area it can be considered that the site would not be subject to risk from flooding. The development of this site could lead to an increase in wastewater and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a positive effect on this objective.	+
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is within 600m from Churnet Valley SSSI and Whiston Eaves SSSI, the nearest designated assets, and, as such, is considered to have an effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (WH018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.	-
12. To minimise the use of non-renewable resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	The site is within 400m of five grade II listed assets. Dependent on proposal specific information, there is scope that development of this site could lead to the deterioration of historical heritage assets and their setting. Overall, this site has been assessed as having a negative effect on this Objective, however the exact effects are uncertain.	-/?
14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	The site is within 600m from Churnet Valley SSSI and Whiston Eaves SSSI and could increase external pressures on these sites. Given the location of the site, it is considered that there could be effects on landscape character. Proposal specific information is required to assess the impact on the Potteries and Churnet Valley National Character Area. Overall, this site has been assessed as having a negative effect on this Objective.	-

SA Objective	Assessment Criteria - Does the site (WH018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>● Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>● Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed residential use of this site limits the effect that it can have on investment in culture and tourism within the village and wider district. However, the increased population of both the village and District may have a positive effect. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>● Deliver development that helps to safeguard shops and services in existing centres?</li> <li>● Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of a residential site with good access to the village centre of Whiston has scope to have a positive effect on the vitality and viability of Whiston and the wider District, as new residents could be expected to increase footfall. Overall, this has been assessed as having a positive effect on this Objective.	+
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>● Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>● Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The development of this site could encourage investment in people and infrastructure through developer contributions although this would be limited. However, the extent of this effect is uncertain. Overall, this site has been assessed as having a neutral effect on this Objective.	0
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>● Help meet the employment needs of local people?</li> <li>● Help increase economic activity levels?</li> <li>● Improve physical accessibility to jobs?</li> <li>● Support higher income levels for local residents?</li> </ul>	The site is within 500m of existing areas of employment within the town or District and, as such, would provide sufficient accessible employment opportunities for prospective residents. Overall, this site has been assessed as having a significant positive effect on this Objective.	++
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (WH018)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The site's proximity to areas of existing employment is considered to have a significant positive effect. Similarly, the site's accessibility to areas of open space and the proposed delivery of circa 5 dwellings are likely to have a positive effect. However, the site is inaccessible to services and facilities which is likely to have a significant negative effect. The site's proximity to designated and historic assets and the development of greenfield, grade 4 ALC land are likely to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>

Overall, this site has been assessed as having a positive effect on this Objective.	+
5. To ensure adequate quality and provision of a range of house types to meet local needs in appropriate locations and including affordable / social /extra care housing.	<ul style="list-style-type: none"> <li>● Offer opportunities to provide an appropriate mix of housing to enable all needs to be met?</li> <li>● Offer opportunities to enable people to meet their needs within their existing communities?</li> <li>● Offer opportunities to ensure that people can afford their housing?</li> </ul>	This site has been proposed for employment uses with regards to this assessment. Therefore the development would provide no housing. Overall, this site has been assessed as having a neutral effect on this Objective.	0
6. To strengthen links between rural areas and towns by sustainable forms of transport and reduce the number of journeys made by car.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise impacts on existing traffic congestion?</li> <li>● Support the use of public transport?</li> <li>● Support safe walking and cycling?</li> <li>● Offer opportunities to protect and improve access to the natural environment and support Green Infrastructure?</li> </ul>	As noted previously, the site is within 800m of the village centre of Creswell and adjacent to the open countryside which should reduce the need to travel within the town. Similarly, the site is within 500m of a bus stop. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ENVIRONMENTAL</b>			
<b>Climate Change, Air and Water</b>			
7. To minimise contributions to climate change and consider climate change adaptation.	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce emissions of greenhouse gases, particularly CO<sub>2</sub>?</li> <li>● Offer opportunities to increase energy efficiency?</li> </ul>	The development of this site could lead to an increase in greenhouse gas emissions and energy consumption during both construction and occupation. However, the site is within 800m of the village centre and could reduce the need to travel. Overall, this site has been assessed as having a positive effect on this Objective.	+

SA Objective	Assessment Criteria - Does the site (OC055)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	<ul style="list-style-type: none"> <li>● Offer opportunities to increase the use of renewable energy?</li> <li>● Deliver development in an accessible location in order to reduce the need for car use and / or encourage sustainable forms of transport?</li> </ul>		
8. To improve air quality.	<ul style="list-style-type: none"> <li>● Offer opportunities to minimise emissions of airborne pollutants?</li> <li>● Offer opportunities to remove air pollutants (e.g. by trees)?</li> </ul>	The outcome of this assessment could be dependent on implementation and site specific detail. Overall, this site has been assessed as having an uncertain effect on this Objective.	i/?
9. To reduce flood risk, protect and enhance water sources.	<ul style="list-style-type: none"> <li>● Deliver development directed towards areas of least flood risk?</li> <li>● Offer opportunities to reduce risk of flooding e.g. by integration of mitigation measures such as SuDs?</li> <li>● Offer opportunities to protect, maintain and improve the quality of water resources and help contribute to the objectives of the Water Framework Directive?</li> <li>● Offer opportunities to encourage water efficiency and demand management?</li> </ul>	Part of the site is located within flood zone 3. The development of this site could lead to an increase in waster water and reduction of natural drainage, however SuDs could be used to mitigate against this. Overall, this site has been assessed as having a significant negative effect on this Objective.	--
<b>Biodiversity, Flora and Fauna</b>			
10. To identify, conserve and enhance biodiversity resources and to test the plan's policies and proposals on European Sites and SSSIs	<ul style="list-style-type: none"> <li>● Enable protection of the district's sites of ecological and nature conservation importance, including the integrity of European sites?</li> <li>● Deliver development that will help to support meeting Staffordshire Biodiversity Action Plan objectives?</li> <li>● Offer opportunities to help deliver networks of biodiversity and green infrastructure?</li> </ul>	The site is more than 5,000m from Barlaston and Rough Close Common (LNR), the nearest designated asset, and, as such, is considered to have no effect on this asset. This site has not been subject to an ecology survey, so the exact effects are uncertain. The HRA notes that no direct impacts upon the SPA are predicted from this site. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.	+/?
<b>Soil and Material Assets</b>			

SA Objective	Assessment Criteria - Does the site (OC055)...?	Commentary on likely nature of effects of site allocation	Overall assessment
<p>11. To safeguard the best and most versatile agricultural land; improve soil and land resources; and protect and enhance geological resources.</p>	<ul style="list-style-type: none"> <li>● Help safeguard the best and most versatile agricultural land?</li> <li>● Deliver development that helps to minimise the loss of greenfield land?</li> <li>● Offer opportunities to reduce land contamination / instability?</li> <li>● Deliver development that helps reduce the amount of derelict land?</li> <li>● Offer opportunities to protect notable geological and geomorphological features?</li> </ul>	<p>As noted, this site has been assessed as being on greenfield land. However, the land has also been assessed as grade 4 ALC land so development of this site would not result in the loss of best and most versatile land. Overall, this site has been assessed as having a negative effect on this Objective.</p>	-
<p>12. To minimise the use of non-renewable resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to reduce waste generation?</li> <li>● Offer opportunities to maximise the re-use of existing buildings?</li> <li>● Offer opportunities to increase the use of building materials from sustainable sources?</li> </ul>	<p>As per the previous objective, the development of this site would not enable the re-use or loss of existing buildings. However, there is scope that development could use sustainable materials and increase the demand for local resources. Overall, this site has been assessed as having a neutral effect on this Objective.</p>	0
<b>Built and Cultural Heritage, Landscape and Local Distinctiveness</b>			
<p>13. To protect and enhance the character of towns / villages and other heritage and archaeological assets along with their settings.</p>	<ul style="list-style-type: none"> <li>● Deliver development that helps ensure the continued protection and enhancement of cultural and historic heritage assets (designated and undesignated assets) along with their settings?</li> <li>● Offer opportunities to protect and reinforce the character and appearance of the district's towns and villages and maintain and strengthen local distinctiveness and sense of place?</li> </ul>	<p>The site is more than 400m away from a listed asset. Although dependent on proposal specific information, there is limited scope that development of this site could lead to the deterioration of the setting of this historical heritage assets. Overall, this site has been assessed as having a positive effect on this Objective, however the exact effects are uncertain.</p>	+/?
<p>14. To protect and enhance the character and appearance of the landscape including historic landscape and other natural assets and resources.</p>	<ul style="list-style-type: none"> <li>● Offer opportunities to protect and enhance the character of the landscape and maintain and strengthen local distinctiveness?</li> <li>● Deliver development that maximises re-use of brownfield land?</li> <li>● Offer opportunities to safeguard protected sites and provide opportunities for the enhancement</li> </ul>	<p>The site would avoid development within 5,000m of protected sites and would reduce external pressures on these sites. Given the location of the site, it is considered that there would be scope for effects on landscape character. Proposal specific information is required to assess the impact on the Needwood and South Derbyshire Claylands National Character Area. Overall, this site has been assessed as having a positive effect on this Objective.</p>	+

SA Objective	Assessment Criteria - Does the site (OC055)...?	Commentary on likely nature of effects of site allocation	Overall assessment
	of the natural environment identified in the NCA profiles?		
15. To encourage further development of sustainable tourism, cultural heritage and local distinctiveness.	<ul style="list-style-type: none"> <li>Offer opportunities to support the development of a vibrant cultural economy and local distinctiveness?</li> <li>Offer opportunities to help support tourism and the visitor economy?</li> </ul>	The proposed employment use of this site provides scope for the development of this site to have a positive effect on investment in culture and tourism within the town and wider district, however this is dependent on proposal specific information. Overall, this site has been assessed as having a positive effect on this Objective.	+
<b>ECONOMIC</b>			
<b>Employment, Economic Development and Regeneration</b>			
16. To safeguard the vitality and viability of the District's towns and villages, and create and sustain a vibrant rural economy	<ul style="list-style-type: none"> <li>Deliver development that helps to safeguard shops and services in existing centres?</li> <li>Deliver development that helps to safeguard and improve the retail, leisure and service provision?</li> </ul>	The proposed development of an employment site within the village centre has the scope to have a positive effect on the vitality and viability of Cresswell and the wider District, as new employment could be expected to increase footfall in the nearby village centre. Overall, this site has been assessed as having a significant positive effect on this objective.	++
17. To strengthen, modernise and diversify the District economy, and promote sustainable economic growth	<ul style="list-style-type: none"> <li>Help provide a balanced portfolio of employment land in sustainable locations?</li> <li>Help provide opportunities for the creation of new businesses and/or minimise the loss or displacement of existing businesses?</li> </ul>	The proposed development of an employment site within the village centre has the scope to have a positive effect on the vitality and viability of Cresswell and the wider District, as new employment could be expected to increase footfall in the nearby village centre. Overall, this site has been assessed as having a significant positive effect on this objective.	++
18. To encourage and support a high and stable level of employment	<ul style="list-style-type: none"> <li>Help meet the employment needs of local people?</li> <li>Help increase economic activity levels?</li> <li>Improve physical accessibility to jobs?</li> <li>Support higher income levels for local residents?</li> </ul>	The site is proximity to areas of existing local employment provision as well as new employment provision generated by this site. Overall, this site has been assessed as having a significant positive effect on this objective.	++
<b>Summary of overall assessment and likely significant effects:</b>			

SA Objective	Assessment Criteria - Does the site (OC055)...?	Commentary on likely nature of effects of site allocation	Overall assessment
		<p>The development of new employment premises should have a significant positive effect upon the vitality and viability of the District, strengthen economic growth and support a higher level of employment within the District. Similarly, the site is located away from designated and historic assets. However, the site is inaccessible to services and facilities, is within a flood zone which are both assessed to have a significant negative effect. The development of greenfield, grade 4 ALC land is considered to have a negative effect.</p> <p><b>Recommendation for suitability to be taken forward into preferred options based on sustainability appraisal findings:</b></p> <p>Suitable / Not suitable</p>
