7th November 2018

Dear David,

Re: Planning application number SMD/2014/0678

Further to our recent communications, we confirm that we remain supportive of the above planning application in general terms.

With regards to access to the site via Esterchem Ltd land, a commercial agreement still needs to be finalised between Esterchem Ltd and the developer, subject to this concluding satisfactorily we would be fully supportive of the project.

Yours faithfully

Adam Bray
Managing Director
For & on behalf of Esterchem Ltd
