

Staffordshire Moorlands Local Plan – Main Modifications Consultation.

Statement from Kevin Barr and Paul Jones – hearing session 3 Wednesday 5 February 2020

We are here on behalf of the “Cheddleton Residents – Save Our Green Space” group to answer questions on, and discuss, our submissions and petition in support of retention of Local Green Space designations 29 and 30. These designations were recommended for removal from the Local Plan in Main Modifications 61 and 73.

The local community have now clearly demonstrated that these spaces are special to us and hold particular significance for us. We believe that deletion of their designation is an unsound modification to our Local Plan, being inconsistent with national policy and guidance.

Cheddleton Residents – Save Our Green Space.
24th January 2020.
