DISCOVER THIS MID 18th CENTURY WORKING CORN MILL
 Celebrating the work of James Brindley, millwright and canal engineer renowned as the pioneer of the canal system in Great Britain. Dating from 1752 the mill has been restored from a derelict state by the Brindley Mill Preservation Trust. The only known corn mill attributable as the work of James Brindley.

STAFFORDSHIRE MOORLANDS

Set in the heart of the beautiful Staffordshire Peak District, Leek is one of England's finest undiscovered market towns - a shoppers' delight! Inspired by Arts & Crafts designer William Morris, Leek is home to the remarkable Leek Embroidery society. With its stunning architecture and splendid eateries, Leek continues to amaze and impress visitors.

Leek Markets With a charter dating back over 800 years, the local markets are steeped in history and tradition. Enjoy the hustle and bustle as you immerse yourself in the unique atmosphere of traditional markets.

Nicholson Museum, Art Gallery & TIC Free Entry. Dating back to the 1880s the Nicholson Museum and Art Gallery dominates the skyline of Leek and today is home to a collection of oil paintings, ceramics, local history and a fine selection of the famous Leek Embroideries.

Brindley's Mill Built by James Brindley, the great canal engineer, in 1752, now a working water-powered corn mill and museum dedicated to his life and achievements.

Brough Park Situated close to the centre of Leek. It offers spectacular views north towards the Roaches and Hen Cloud. During the summer months many events and outdoor concerts are held in the park.

Rudyard Lake Once a popular Victorian resort, today it caters for visitors who come to walk, fish, sail, row, canoe, bird watch and ride the miniature train.

The Roaches Impressive gritstone edges and craggy rocks loved by walkers and climbers. Home to one of Britain's favourite views. The Roaches is a rocky outcrop that rises above the tranquil waters of Tittesworth Reservoir located between Leek and Buxton.

The Manifold Valley A spectacular limestone gorge, once the route of the Leek & Manifold Valley Light Railway. Today it is an easy to follow track, accessible for all. The track running through the Manifold Valley winds its way through some of the most spectacular scenery in the Peak District National Park.

The Churnet Valley A hidden gem with an industrial heritage that today is home to beautiful countryside and wildlife centres, not forgetting Alton Towers! It is dotted with small villages and nature reserves, along with some particularly picturesque sections of the Caldron Canal. For lovers of steam trains, the Churnet Valley Railway runs steam and historic diesel trains between Leekbrook Junction and Froghall.
